All mortgage loans originated under the program must be in compliance with standard requirements of the United States government agency or government sponsored enterprise that issue the mortgage-backed securities and must be made to persons who qualify under ADFA program rules.

The TBA Provider will be expected to provide a range of services, which include, agreeing to purchase mortgage-backed securities backed by eligible single family mortgage loans (“Mortgage Loans”) at predetermined prices, managing and hedging the ADFA Mortgage Loan pipeline, monitoring the Mortgage Loan pipeline and fallout, providing training and information to ADFA’s Housing Staff on the means to manage, hedge and monitor ADFA’s Housing Mortgage Loan pipeline, and sell and arrange delivery of mortgage backed securities (“MBS”) to investors. The TBA Provider will agree to provide the range of services for a fixed percentage of the Mortgage Loans purchased. Inherent in the operation of the program, the TBA Provider will bear the financial risks and costs associated with timely Mortgage Loan deliveries and pipeline fallout. The TBA Provider should have a background in administering similar or other innovative programs for housing finance agencies.

The initial term of this engagement will be for two (2) years with the possibility of being extended for up to two years at a time, for a maximum total of seven (7) years.

In evaluating proposals submitted by firms pursuant to this RFP, ADFA places high value on the following factors, among others, not necessarily in order of importance:

1. Qualifications and experience of the firm and personnel assigned to develop and manage the Single Family Market Rate Program;
2. Financial soundness of the firm, necessary capital resources and ability to meet all eligibility requirements;
3. Experience managing mortgage rate and hedging programs for other housing agencies;
4. Proposed fees for services;
5. Ability to work with the Master Servicer; and
6. ADFA’s prior experiences, if any, with the firm and any other factors ADFA believes would be in its best interest to consider.

In addition, related investigations, regulatory proceedings and litigation involving the firm will be taken into account, depending upon the nature and significance of the proceedings.

ADFA reserves the right to award the contract to the firm which will best meet the qualifications required by ADFA, which may or may not be the firm with the lowest bid. ADFA also reserves the right to reject any and all proposals prior to execution of the contract with no penalty or cost to ADFA.

**SECTION II: SCOPE OF SERVICES AND REQUIREMENTS**

A. **GENERAL REQUIREMENTS**

In addition to the specific duties outlined above, the TBA Provider will also be required to:

1. Assist in informational meetings for participating Lenders. In conjunction with ADFA and the Master
Servicer, provide training workshops for participating Lenders and provide program informational materials to each Lender, as applicable.

2. Coordinate with ADFA and the Master Servicer to maintain compliance with loan delivery guidelines and expected level of service.

3. Identify pipeline management issues and notify ADFA as to recommended programmatic changes.

4. Publish mortgage rate sheets as often as necessary based on a pricing structure previously agreed to by ADFA, so that the TBA Provider will take all interest rate and financial risk inherent in the making of reservations and the future delivery of MBS. ADFA prefers limiting the publishing of rate sheets to once per day.

5. Monitor reservations, manage hedges, and recommend the process and timing for the pooling, sale and deliveries of MBS.

6. Purchase at prices set in mortgage Rate Sheets all respective Mortgage Loans reserved pursuant to the TBA Provider’s Rate Sheet and delivered by Lenders and pooled into MBS securities for timely delivery by the Master Servicer, subject only to offset in the amounts of Lender extension fees, when appropriate.

7. Bear the cost, expense and risk that Mortgage Loans reserved pursuant to the TBA Provider’s Rate Sheet are not delivered for any reason without cost, expense or risk to ADFA, provided that ADFA will agree that any Mortgage Loan reserved pursuant to the TBA Provider’s Rate Sheet timely delivered to it as a part of a mortgage-backed security will be delivered to the TBA Provider.

8. Submit weekly reports to ADFA detailing pool purchase commitment and deliveries and any additional information that may be required in a format and timeframe prescribed by ADFA. These reports should include information regarding the current status of the pipeline, the amount of Mortgage Loans expected for delivery as mortgage-backed securities on or before each settlement or delivery date for forward commitment MBS, any pair-off receipts and expenditures in connection with forward commitment MBS subject to pair-off, current and historic pull-through rate for reserved Mortgage Loans, an accounting of current and historic receipts from sale of mortgage-backed securities, prices paid for the mortgage-backed securities, fees received by the TBA Provider and all other profits, losses and receipts retained by the TBA Provider. TBA Provider compliance with the terms of the agreement and performance will be assessed from submitted reports.

9. Maintain transaction records, and prepare and present detailed monthly status reports to ADFA regarding Program performance including: (i) the number and dollar amount of MBS pooled and purchased to date and (ii) additional information or analysis deemed necessary by ADFA.

10. Perform all other duties as set forth in the Single Family Market Rate Program TBA Provider Agreement.

B. WORK PLAN AND APPROACH

1. Pooling Process and Hedging. Outline and explain the process from loan reservation to the purchase of the loans and issuance of the MBS. Describe how you would propose to hedge ADFA Housing’s Mortgage Loan rates under the Programs. Describe any provisions for extensions. Please provide a detailed example of a mortgage rate chart your firm would provide as of 9:00 a.m. ET Friday, September 13, 2019 for 30-year Fixed Rate Mortgage Loans to be included in the Program with the following assumptions:
a) 3% down payment assistance to home buyers,
b) 1% origination fee paid by the borrower and retained by the originating lender,
c) 1.75% SRP fee paid by the Master Servicer for servicing rights (assume this same fee for all servicing fee levels),
d) The proposed fee for your firm detailed, showing:
   i. the proposed price to be received by ADFA for such Mortgage Loans securitized and delivered pursuant to the mortgage rate chart, including a breakdown of the disbursement related to that price with respect to the assumptions above,
   ii. the mortgage rate the home buyer will receive,
   iii. the timeframe within which any Mortgage Loans securitized and delivered pursuant to the mortgage rate chart must be delivered in order to obtain the pricing,
   iv. all applicable delivery dates, purchase dates, underwriter certification dates and
   v. any other timing restrictions applicable to the Mortgage Loan reservation and delivery process applicable to the borrower, the lender, ADFA or any other party,
   vi. any proposed extension fees and the related extension periods, and
   vii. all other information needed to determine such price and restrictions applicable to the reservation and Mortgage Loan delivery process.

Provide a copy of the computer screen or other pricing source confirming the prices upon which the mortgage rate chart for September 13, 2019 is based. Indicate how you will determine and ADFA will evaluate pricing on future dates to assure the all-in pricing is as advantageous to ADFA and its borrowers as possible, given market changes from the illustrative date.

2. Daily Mortgage Rate Sheet. What date each month does the pricing for the daily mortgage rate sheet roll one month further into the future?

3. Risks and Responsibilities. Based on your proposal, please describe in detail all risks and responsibilities from the proposed transactions that will remain with ADFA under the Program. What risks does your firm propose to take? Describe any guarantees your firm will be providing.

4. Technology. Provide a description of your organizational and technological approach to performing your firm’s responsibilities as TBA Provider. Identify the software used by your firm to manage and monitor its total pipeline and the pipeline applicable to ADFA Housing. How does your firm interface with the MITAS software utilized by ADFA Housing to monitor loan reservations, loan closings, cancellations and other activities related to the Mortgage Loans?

5. Potential Future Mortgage Revenue Bond Issues. Because ADFA may reinstitute funding First-Time Homebuyer loans through the issuance of tax-exempt bonds do you foresee any difficulties operating both programs simultaneously?

6. Subcontracting. If your organization plans to subcontract any of the services required to be provided as TBA Provider, please indicate which, if any, will be subcontracted. Please describe.
