## SECTION 3

### DEVELOPMENT FINANCE

**Part 1:** Development Finance includes the **Capital Access Program (CAP), ADFA Bond Guaranty Program,** and AEDC/Other Municipal Guaranteed Revenue Bonds.

**Part 2:** ADFA administers the programs of the **Arkansas Venture Capital Investment Trust (AVCIT).** The AVCIT was created pursuant to the provisions of the laws of the State of Arkansas, including Title 28, Chapter 72, Subchapter 2 of the Arkansas Code of 1987 Annotated. In accordance with new legislation for FY 2020, the operations of the AVCIT were streamlined and simplified from five (5) funds to three (3) funds and ADFA now administers the Arkansas Institutional Fund (AIF), the Arkansas Venture Development Fund (AVDF) and the Arkansas Venture Capital Development Fund (AVCDF) for the AVCIT.

**ADFA Bond Guaranty Program** - An ADFA bond guaranty improves a company's credit worthiness to make bonds marketable nationwide.

ADFA Bond Guaranty Program	1	\$6,000,000.00

Jonesboro		

The **ADFA Capital Access Program** makes funds available to borrowers who might otherwise have difficulty in obtaining conventional bank loans.

ADFA, as administrator, is not a party to loan transactions and plays no role in underwriting, approving or servicing the loans. ADFA's purely administrative role reduces paperwork while at the same time assuring risk-taking by lenders.

The Capital Access Program has been a lending incentive for working capital loans for several types of industry within the state, including agriculture, manufacturing, wholesale/retail, construction, and service.

## SECTION 4 PUBLIC FINANCE

ADFA is a public body politic and corporate, created in 1985 as successor to the Arkansas Housing Development Agency created in 1977. ADFA's enabling legislation authorizes it to borrow money and issue bonds to provide sufficient funding for financing affordable housing, various business and economic development projects, and capital improvements for state agencies. ADFA is the exclusive issuer of bonds for state agencies.

# Federal Student Loan Cohort Default Rates

The Student Loan Division of ADFA currently provides “**Default Management Services**” to 21 Arkansas colleges and universities to assist these schools in lowering their federal student loan cohort default rates and, consequently, lowering the overall default rate for the state of Arkansas.

## What is a Cohort Default Rate (CDR)?

- A “cohort” is a group of Federal Loan Borrowers who entered repayment within a given federal fiscal year.
- A Cohort Default Rate (CDR) is the percentage of those borrowers in a school’s cohort who defaulted within that federal fiscal year or within the next two fiscal years (the cohort default period covers a total of 36 months).

## Arkansas vs. National Cohort Default Rates

Note: 2018 & 2019 cohort years benefitted from the CARES Act “payment pause” passed by Congress in 2020 and extended by Presidents Trump and Biden.

### Affordable Housing Compliance Reviews by County

The ADFA Compliance Department is responsible for projects which consist of new construction and acquisition rehabilitation for Multi-Family and Single-Family rental projects. We monitor the Low-Income Housing Tax Credit (LIHTC), HOME Program, National Housing Trust Fund, and other ADFA Programs which average 20 to 35 years of affordability. The Compliance Department reviews tenant files and physical conditions of ADFA projects for compliance with all program rules and regulations. Tenant files are reviewed for compliance with income and rent restrictions and other federal regulations associated with projects during the affordability period. The Compliance Department is also responsible for physical inspections of projects throughout the affordability period to ensure they meet the physical standard codes of the Uniform Physical Conditions Standards (UPCS) Regulations in maintaining a safe, sanitary, and sound living environment. ADFA works with the HUD Alignment Group, Real Estate Assessment Center (REAC) Inspector and other professionals to assist in assuring ADFA has viable projects.

## HOME ARP

**The American Rescue Plan of 2021 (ARP)**, also called the COVID-19 Stimulus Package, Pub.L. 117–2 (March 11, 2021) provides \$5 billion to assist individuals or households who are homeless, at risk of homelessness, and other vulnerable populations, by providing housing, rental assistance, supportive services, and non-congregate shelter, to reduce homelessness and increase housing stability across the country. These grant funds will be administered through HUD’s HOME Investment Partnerships Program (HOME) and are known as **HOME-ARP** funds. Eligible HOME-ARP activities include acquisition and development of non-congregate shelter, tenant based rental assistance, supportive services, HOME-ARP rental housing, administration and planning, and nonprofit operating and capacity building assistance. A certain portion of HOME-ARP funds must assist people in HOME-ARP “qualifying populations,” which include:

- Sheltered and unsheltered homeless populations, as defined in section 103(a) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11302(a)); Those currently housed populations at risk of homelessness, as defined in section 401(1) of the McKinney-Vento Homeless Assistance Act (42U.S.C. 113060(1));
- Those fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking;
- Other families requiring services or housing assistance or to prevent homelessness
