Established in 1985, the Arkansas Development Finance Authority (ADFA) serves as the successor to the Arkansas Housing Development Agency, originally created in 1977. As a public body politic and corporate, ADFA is authorized to borrow funds and issue bonds, providing crucial financing for affordable housing initiatives, diverse business and economic development projects, and capital improvements for state agencies. Effective July 1, 2017, the Arkansas Student Loan Authority (ASLA) merged with ADFA, and both entities are self-funded primarily through investment and loan earnings, in addition to federal funds. As the exclusive issuer of bonds for state agencies, ADFA plays a vital role in supporting Arkansas's growth.

ADFA, including ASLA, is governed by a 14-member board of directors comprising the Director of the Department of Finance and Administration, the State Treasurer, eleven public members appointed by the Governor, and the President of the Authority (non-voting). Together, they work to support ADFA's mission of promoting economic growth in Arkansas by offering financial backing for various programs, including affordable housing, industrial and economic development, capital improvements for state agencies and local governments, healthcare, and higher education funding. The board members represent a broad range of expertise and interests from all geographic regions of the state, ensuring a well-rounded and diverse approach to driving the state's economy forward. SECTION 3 - MULTI-FAMILY HOUSING ACTIVITY FY 2024

The Low Income Housing Tax Credit (LIHTC) Program, HOME Investment Partnerships Program (HOME), and National Housing Trust Fund (NHTF)

collectively help to finance affordable multi-family housing in Arkansas by offering complementary resources. Through the HOME and NHTF Programs, ADFA provides gap financing to developers for a wide range of affordable housing activities for lower-income households. The LIHTC program incentivizes private developers to develop affordable housing by monetizing tax credits to private investors. Projects often combine these funding sources -- with developers using LIHTC to attract private investment and using HOME and NHTF funds to support construction, rehabilitation, and

affordability efforts. This collaboration enhances financial viability, allowing for a more comprehensive approach to addressing the diverse housing needs of low-income individuals and families in Arkansas.

LOW INCOME HOUSING TAX CREDIT (LIHTC) PROGRAM 9%

Each year, Arkansas receives an allocation of "9% credits" from the Internal Revenue Service to award to developers for the construction and acquisition/rehabilitation of affordable housing units in the state. As the demand for these credits consistently outpaces the supply, ADFA awards them through a competitive process open to applicants statewide. In FY2024 ADFA allocated \$10,583,500 of 9% LIHTC to 10 applicants to construct 585 units of affordable housing and \$506,000 of 9% LIHTC to 2 applicants to acquire/rehabilitate 40 units of affordable housing. The LIHTC are taken over ten years. ADFA's total FY2024 LIHTC funding was \$110,890,000

LOW INCOME HOUSING TAX CREDIT (LIHTC) PROGRAM 4%

In FY 2024, ADFA issued multi-family bonds totaling \$15,125,000 to support the construction of 60 units in Pulaski County, generating LIHTC known as "4% credits". These credits are linked to tax-exempt private activity municipal bonds and are expected to yield over \$1.4 million in 4% LIHTC annually for 10 years for a total of \$14 million of financing for the projects. While there is no direct annual limit on 4% LIHTC allocations, they are tied to the issuance of tax-exempt bonds, utilizing part of the state's annual private-activity bond volume cap allocation.

HOME INVESTMENT PARTNERSHIPS PROGRAM (HOME PROGRAM) & NATIONAL HOUSING TRUST FUND (NHTF)

The **HOME Investment Partnerships Program** and the **National Housing Trust Fund** collaborate to address the housing needs of low- and extremely low-income Arkansans by providing critical funding and resources. These programs support a range of activities, including new construction, rehabilitation, and rental assistance, ensuring access to safe, decent, and affordable housing across the state.

CAPITAL ACCESS PROGRAM (CAP) FY 2024

The ADFA Capital Access Program makes funds available to borrowers who might otherwise have difficulty in obtaining conventional bank loans.

ADFA, as administrator, is not a party to loan transactions and plays no role in underwriting, approving, or servicing the loans. ADFA's purely administrative role reduces paperwork while at the same time assuring risk-taking by lenders.

The Capital Access Program has been a lending incentive for working capital loans for several types of industry within the state, including agriculture, manufacturing, wholesale/retail, construction, and service.

AFFORDABLE HOUSING COMPLIANCE REVIEWS BY COUNTY

The ADFA Compliance Department is responsible for federal compliance monitoring of new construction and acquisition rehabilitation of multi-family and single-family rental developments. We monitor the Low-Income Housing Tax Credit (LIHTC), HOME Program, National Housing Trust Fund, and other ADFA Programs which average 20 to 35 years of affordability compliance. The Compliance Department reviews tenant files and physical conditions of ADFA funded developments for compliance with all program rules and regulations. Tenant files are reviewed for compliance with income and rent restrictions and other federal regulations associated with projects during the affordability period. The Compliance Department is also responsible for physical inspections of projects throughout the affordability period to ensure they meet the physical standard codes of the Uniform Physical Condition Standards (UPCS) Regulations in maintaining a safe, sanitary, and sound living environment. ADFA works with the HUD Alignment Group, Real Estate Assessment Center (REAC) Inspector, and other professionals to assist in assuring ADFA funded developments are in compliance with federal rules and regulations.

AMERICAN RESCUE PLAN PROGRAMS

The FY2024 Annual Report of Program Activity organizes the work of the Arkansas Development Finance Authority into three categories:

- Lending Programs Activities include Single Family Homeownership, Multi-Family Housing, Development Finance, Public Finance, and Student Loans.
- **Non-Lending Programs** Activities include College Planning Services, Housing Compliance Monitoring, and Bond Issuances.
- American Rescue Plan (ARP) Programs ADFA, on behalf of the State of Arkansas, administers two American Rescue Plan-funded programs: HOME-ARP, and the State Small Business Credit Initiative (SSBCI).

SECTION 8 - HOME-AMERICAN RESCUE PLAN (ARP)

The American Rescue Plan of 2021 (ARP), also called the COVID-19 Stimulus Package, Pub.L. 117–2 (March 11, 2021) provides \$5 billion to assist individuals or households who are homeless, at risk of homelessness, and other vulnerable populations by providing housing, rental assistance, supportive services, and non-congregate shelter to reduce homelessness and increase housing stability across the country.

These grant funds will be administered through HUD's HOME Investment Partnerships Program (HOME) and are known as HOME-ARP funds.

ADFA's eligible HOME-ARP activities include acquisition and development of non-congregate shelter, supportive services, and nonprofit operating assistance.

HOME-ARP funds must assist people in HOME-ARP "qualifying populations," which include:

- Sheltered and unsheltered homeless populations, as defined in section 103(a) of the McKinney-Vento Homeless Assistance Act (42 U.S.C. 11302(a));
- Those currently housed populations at risk of homelessness, as defined in section 401(1) of the McKinney-Vento Homeless Assistance Act (42U.S.C. 113060(1));
- Those fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking;
- Other families requiring services or housing assistance or to prevent homelessness.
- In September 2021, HUD announced that the State of Arkansas will receive \$37,547,010 in HOME-ARP funds. This supplemental funding was allocated by formula under the HOME entitlement program.

ADFA's HOME-ARP Allocation Plan was approved by HUD on November 14, 2022. A substantial amendment to the HOME-ARP Allocation Plan—which included preferences—was approved on June 21, 2023.

HOME ARP - NON-CONGREGATE SHELTER

The American Rescue Plan (ARP) provides funding to assist individuals or households who are homeless, at risk of homelessness, and other vulnerable populations, by providing housing, rental assistance, supportive services, and non-congregate shelter, to reduce homelessness and increase housing stability across the country. These grant funds will be administered through HUD's HOME Investment Partnerships Program (HOME).

Non-congregate shelter refers to temporary housing options that provide private spaces or units for individuals and families experiencing homelessness or displacement.

The American Rescue Plan (ARP) provides funding to assist individuals or households who are homeless, at risk of homelessness, and other vulnerable populations, by providing housing, rental assistance, supportive services, and non-congregate shelter, to reduce homelessness and increase housing stability across the country. These grant funds will be administered through HUD's HOME Investment Partnerships Program (HOME).

Supportive Services - these services aim to help beneficiaries achieve housing stability and self-sufficiency by offering resources such as mental health and substance abuse counseling, job training, financial literacy workshops, and case management tailored to their unique needs. By addressing the root causes of housing instability, Supportive Services play a crucial role in ensuring long-term success for participants.

HOME ARP - NONPROFIT OPERATING EXPENSE ASSISTANCE

The American Rescue Plan (ARP) provides funding to assist individuals or households who are homeless, at risk of homelessness, and other vulnerable populations, by providing housing, rental assistance, supportive services, and non-congregate shelter, to reduce homelessness and increase housing stability across the country. These grant funds will be administered through HUD's HOME Investment Partnerships Program (HOME).

Nonprofit Operating Expense Assistance - provides crucial funding to support the daily operational costs of nonprofit organizations working to address the needs of individuals experiencing homelessness, those at risk of homelessness, and other vulnerable populations. By covering expenses such as employee salaries, administrative costs, and other organizational overhead, this assistance enables nonprofits to continue their vital work throughout the compliance period.
