# DELIVERY REQUIREMENTS FOR COMMUNITY SECONDS, COMMUNITY LAND TRUST, AND SHARED EQUITY/DEED RESTRICTED LOANS

## LENDERS

ServiSolutions has published updated guidance for delivery of loans involving **Community Seconds/Affordable Seconds, Community Land Trust (CLT) leasehold properties, and Shared-Equity/Deed-Restricted transactions.**

These guidelines outline agency-required documentation, underwriting expectations, appraisal standards, closing deliverables, and ServiSolutions overlays.

### Key Requirements

- All loan files must include the required ServiSolutions forms, recorded documents, and applicable agency checklists as outlined in the attached guidelines.
- Origination, documentation, appraisal analysis, and title insurance requirements must comply with Freddie Mac, FHA, VA, and USDA standards, as applicable.
- Lenders must ensure all subordinate financing instruments, shared-equity agreements, land-lease documentation, and restrictive covenants are accurately disclosed and fully compliant prior to loan purchase.
- Loans must be delivered in compliance with applicable GSE or agency coding and data-delivery fields.
- Files not meeting these documentation and compliance standards will be subject to purchase delay or ineligibility.

### Effective Date

**These requirements apply to all loans currently in the pipeline and all future submissions.**

Loans already purchased by ServiSolutions are also subject to review under these requirements. If previously purchased loans are later determined to have documentation deficiencies, unresolved defects, or property features that do not meet applicable agency or investor guidelines, the loan may be subject to repurchase if the lender cannot cure the deficiencies.
