Mr. Coleman made a motion to approve both sets of minutes as presented.

Mr. Perrin seconded the motion. The motion passed.

OTHER BUSINESS
Committee Meeting Reports to the Board

OTHER BUSINESS:

BOARD COMMITTEE REPORTS:

Professional Selection Committee: Mr. Thomas reported that the Professional Selection Committee convened in the morning Board Committee Meeting and approved the minutes of the April 17th, 2025 committee meeting. The Committee also approved the Single Family Master Servicer action memo which recommended that ServiSolutions continue as the Single Family Master Servicer for two years.

Mr. Thomas submitted the actions of the Professional Selection Committee to the Board for approval in the form of a motion.

Mr. Chadwell seconded the motion. The motion passed.

Audit Committee: Ms. Garner, Acting Committee Chair, reported that the Audit Committee convened in the morning session of the Board Committee Meeting and that the Committee approved the minutes of the February 20, 2025 committee meeting. The Committee received and accepted the Low-Income Housing Tax Credit Program (LIHTC) Internal Audit Report and the Annual Audit of the Arkansas Intuitional Fund (AIF), both were performed and presented by Ms. Megan Summitt.

Ms. Garner submitted the actions of the Audit Committee to the Board for approval in the form of a motion.

Mr. Thomas seconded the motion. The motion passed.

Housing Review Committee: Mr. Coleman reported that the Housing Review Committee convened in the morning Board Committee Meeting and that the Committee approved the minutes of the June 19th, July 17th, and July 21st, 2025 Housing Review Committee meetings. The Committee also approved the 2026 Qualified Action Plan (QAP).

Mr. Coleman submitted the actions of the Housing Review Committee to the Board for approval in the form of a motion.

Mr. Burleson seconded the motion. The motion passed.

RESOLUTION: Update/Request – Sunset Terrace: Mr. Fowler stated that Rose Law Firm was Special Counsel to ADFA on the Sunset Terrace matter and that the Resolution was authorizing Bonds to refund ADFA's 2022 Bond Issue that stipulated some rehabilitation of Sunset Terrace. For Federal Income Tax purposes, this is called a Reissuance of the 2022 Bonds.

Mr. Fowler continued that the reason for this particular Resolution was due to now that the Project was completed, it was time to convert from the construction loan that Bank of America had to allow Cedar Rapids Bank and Trust to assume control.

The Project owner planned to substitute Freddie Mac for Cedar Rapids Bank and Trust as the permanent lender. The Project has an anticipated closing date of mid-September.

For clarification, Chairman Smith reiterated that this Resolution did not involve new money borrowing, that it was simply a refinance of an existing transaction of an amount not to exceed \$4,130,500.

Chairman Smith entertained a motion to approve the Resolution Authorizing the Reissuance of the 2022 Bonds of an amount not to exceed \$4,130,500.

Ms. Martin seconded the motion. The motion passed.

State Infrastructure Bank (SIB): Chairman Smith opened the floor to Board members for discussion of the State Infrastructure Bank (SIB).

Mr. Babbitt sought clarification on whether ADFA would have liability and the role that ADFA would fulfill.

Mr. Conine stated that there were two model structures, and the current understanding was that ADFA was interested in Model B, which was more of a conduit-type structure where ADFA's role would be more intermediary.

After a brief discussion, Mr. Thomas made a motion that the Board intended to take beginning steps to establish a conduit type infrastructure bank and authorize staff to begin discussions with the appropriate federal agencies in determining the provisions thereof. The Board would have the ability to approve or disapprove the structure and parameters of the proposed State Infrastructure Bank prior to its creation.

Mr. Coleman seconded the motion. The motion passed.

RESOLUTION: Establishment of a New Committee: Mr. Bleed stated that as discussed in the morning session of the Board Committee meeting, the Resolution would establish a new committee of the Board. This would be the Executive committee.

The intent of the committee would be to oversee and approve certain aspects of the administration of ADFA, which had previously been managed by the state through its administrative process. Under Act 944, the independence of the agency was clarified, ADFA is no longer participating in state processes for things such as budgeting, rulemaking, procurement, administrative actions, compensation, etc.. Those are all processes that, under statute, the Board had always had the authority to oversee. With the establishment of this committee, it would be specifically tasked with overseeing those processes.

Mr. Bleed continued that the decisions of the committee would be presented to the Board for approval. The intent is for there to be three (3) members of the Board, the chairman, the vice chairman, and the previous past chairman. However, in the event that the Board feels otherwise, or there are those individuals who are not currently on the Board, there is flexibility in place for additional appointments to be made.

Mr. Bleed opened the floor for discussion or questions. Being no questions or comments, Chairman Smith entertained a motion to approve.

Mr. Chadwell made a motion to approve.

Ms. Garner seconded the motion. The motion passed.

NEW BUSINESS:

RESOLUTION: The Implementation of Pay Plan for the Staff of Arkansas Development Finance Authority: Chairman Smith stated that this Resolution had been discussed briefly in the morning Board Committee session.

Mr. Conine stated that the State of Arkansas implemented a pay plan recently for its agencies, and that ADFA was not part of the pay plan due to Act 944. However, in respect of the process of obtaining and reviewing the research that the State had completed for the ADFA salaries, many of ADFA's employees were being compensated fairly, and the State pay plan research recommended increases for only nine (9) of the forty-one (41) staff members. ADFA agreed with the increases for those nine (9) individuals.

Mr. Conine continued there were ten (10) additional staff member increases recommended by ADFA that were not on the State pay plan.

Chairman Smith noted that the last sentence at the bottom of the Resolution stated: *The total percentage increase of the July 1, 2025, payroll shall not exceed 2.53%, as outlined in the highlights presented today.*

Chairman Smith opened the floor to the Board for discussion or questions.

There being no further discussion, Mr. Mims made a motion to approve the resolution: The Implementation of Pay Plan for the Staff of Arkansas Development Finance Authority.

Mr. Babbitt seconded the motion. The motion passed.

RESOLUTION: Authorizing the Delegation of Authority to Act as President and Secretary of the Arkansas Development Finance Authority: Mr. Bleed stated that in Mr. Conine's absence as he transitions away from ADFA, the Authority would need a person that has decision-making authority. The individual to be named would need the authority to execute documents and take other actions as delegated by the Board.

Mr. Bleed continued the intent of this document was to ensure that the individual to be named, Robert "Ro" Arrington, who would retain the title of Director of Homeownership and Public Finance while also serving as Interim President and Secretary, and would continue in that role until a full-time president is appointed.

Mr. Bleed concluded this delegation of authority would be done with the approval and appointment of the governor and with the approval of the Board.

Mr. Babbitt made a motion to approve the Resolution Authorizing the Delegation of Authority to Act as President and Secretary of the Arkansas Development Finance Authority.

Mr. Mims seconded the motion. The motion passed.

ADFA Board Members Absent: Dr. Lee Lane; George O'Connor; and Harold Perrin.

ADFA Staff Present via Phone or Video: Robert "Ro" Arrington, Interim President of Arkansas Development Finance Authority; Jake Bleed, General Counsel; Kristy Cunningham, Chief Financial Officer; Paula Farthing, Loan Servicing Manager; Kimmy Helble, Executive Assistant to President; Hope Lewis, Controller; Derrick Rose, Director of Outreach and Communication; Megan Summitt, Internal Auditor.

Others Present Via Phone or Video: Daniel Byrne, Goldman Sachs; Edmond Hurst, Carty, Harding, and Hearn; Gordon Wilbourn, Kutak Rock; Scott Nickel, Weyerhaeuser; and Michele Allgood, and Craig Cockrell, Mitchell Williams Law.

Call to Order: Chairman Smith called the ADFA Board of Directors Special Meeting to order at 10:01 AM then requested roll call.

RESOLUTION: CONDUIT BOND ISSUE - WEYERHAEUSER COMPANY: Chairman Smith greeted the Board members and guests and stated there was one action item, which was the Resolution Authorizing the Issuance of Not to Exceed \$102,080,000 Arkansas Development Finance Authority Resource Recover Revenue Bond, Series 2025 (Weyerhaeuser Company Project).

Chairman Smith opened the floor to Ms. Allgood for the presentation of the resolution and to address questions as needed.

Ms. Allgood stated that on this transaction, Mitchell Williams was serving as Bond Counsel and introduced other individuals who were available to answer questions and were on the call. Ms. Allgood named Mr. Scott Nickel, Vice President and Treasurer of Weyerhaeuser; Mr. Daniel Byrne, Vice President of Goldman Sachs; and Mr. Edmund Hurst, Senior Managing Director of Carty, Harding and Hearn.

Ms. Allgood restated the resolution was to authorize the issuance of not to exceed \$102,080,000 in Resource Recovery Bonds that would support a Weyerhaeuser project that is just outside of the city limits of Monticello in Drew county.

Ms. Allgood continued the total project is about \$500M, so this would be the first of what is anticipated to be a series of bond issues. The justification for this to qualify for tax-exempt financing is due to it will develop a greenfield project, to construct a TimberStrand facility that would use products from the timber industry that would otherwise be solid waste. This waste will be used to create a laminated lumber product. This facility is anticipated to employ over 200 individuals.

Ms. Allgood stated the request for a Special Meeting with ADFA's Board of Directors was due to Weyerhaeuser is a publicly traded company, so it was essential to manage some of their disclosure obligations, their blackout periods, and also due to the recent changes to the Arkansas Freedom of Information Act that allow different requirements with respect to the resolutions that ADFA Board passes and a 30-day period where it can be challenged. The authorizing resolution that is before the Board is the final action before the bonds can be issued and includes the approval of four documents; a Preliminary Official Statement, a Trust Indenture; a Loan Agreement, and a Bond Purchase Agreement. One of the documents that is usually seen is a Continuing Disclosure Agreement and is part of this transaction, but ADFA does not have any disclosure obligations and will not be a party to that document. The maximum maturity date is October 2067 which is based on an analysis of the useful life of the assets that are eligible for tax abatement.

Ms. Allgood opened the floor to questions from the Board.

Chairman Smith asked for confirmation that ADFA had no liability on this transaction. Ms. Allgood confirmed.

Mr. Arrington inquired when the marketing was anticipated to take place, who were the likely purchasers of the bonds, in what denominations would the bonds take, and would there be any trading restrictions on the bonds. Mr. Byrne responded the transaction would launch on November 3rd, 2025, which is driven by Weyerhaeuser's blackout periods and would have approximately a one week marketing period, and will be sold more broadly in \$5,000 denominations with the expectation to sell primarily to tax-exempt mutual funds. Mr. Byrne continued there would be a mandatory redemption of the bonds for the benefit of the tax-exemption which is a way to preserve the tax-exempt status for as long as the tax code allows. Mr. Hurst concurred this would produce maximum benefit of the Private Activity Volume Cap and would extend the life of the resource for Weyerhaeuser.

After a brief discussion among Board members and Weyerhaeuser representatives, Ms. Martin made a motion to approve the resolution Authorizing the Issuance of Not to Exceed \$102,080,000 Arkansas Development Finance Authority Resource Recover Revenue Bond, Series 2025 (Weyerhaeuser Company Project) as presented.

Mr. Thomas seconded the motion.

The motion passed.

Adjournment: Being no additional discussion or other business, Chairman Smith adjourned the meeting at approximately 10:29 AM.

(d) In the event of a partial redemption of the 2025 Series C Bonds pursuant to the optional redemption described in Section 3.01(a) hereof, the Authority may direct the maturity or maturities and interest rate or interest rates of the Bonds, as the case may be, and the amounts thereof so to be redeemed, provided that the Authority provides a Certificate of Projected

Revenues showing that there will be moneys sufficient to make scheduled Debt Service Payments. If the Authority makes no direction with respect to the redemption of the Bonds of a particular maturity or maturities and interest rate or interest rates, if applicable, then the Bonds shall be redeemed proportionately among all of the Outstanding maturities and interest rates of the Bonds. The Trustee shall select by lot the Bonds within a maturity to be redeemed in such manner as the Trustee deems fair.

(iii) In the event the 2025 Series C Bonds are subject to special redemption from unexpended proceeds pursuant to this Section 3.02(a), the applicable 2025 Series C Bonds to be redeemed shall be selected by the Trustee from among all the Outstanding maturities of the 2025 Series C Bonds, on a reasonably proportionate basis, in such manner as the Trustee shall deem fair; *provided, however*, that the selection of applicable 2025 Series C Bonds to be redeemed may be otherwise determined by the Authority, as provided in a written direction to the Trustee, accompanied by a Certificate of Projected Revenues giving effect to such redemption in accordance with the terms of this Series Resolution.

(vi) [In the event of any special redemption of 2025 Series C Premium PAC Bonds pursuant to this Section 3.02(a), the 2025 Series C Premium PAC Bonds Outstanding Applicable Amount for the current and each future semiannual period shall each be reduced by an amount equal to the product of such 2025 Series C Premium PAC Bonds Outstanding Applicable Amount and a fraction (a) the numerator of which equals the sum of the amount of the moneys disbursed from the 2025 Series C Acquisition Subaccount to redeem the 2025 Series C Premium PAC Bonds and (b) the denominator of which equals the sum of the amount of moneys initially deposited by the Trustee in the 2025 Series C Acquisition Subaccount.]

(vii) [Following any mandatory redemption of 2025 Series C Bonds from unexpended proceeds, the Authority will provide or cause to be provided to the Trustee revised tables of 2025 Series C Bonds Outstanding Applicable Amounts and 2025 Series C Premium PAC Bonds Outstanding Applicable Amounts, which revised tables will commence with the first day of the month next following the date of mandatory redemption from unexpended proceeds, if any.]

Series C Bonds pursuant to the provisions of (b)(ii) below and this paragraph (b)(i)(A) shall not cause the outstanding principal amount of the 2025 Series C Bonds to be less than the 2025 Series C Bonds Outstanding Applicable Amount at []% of the PSA Prepayment Model (as shown in Exhibit B) as of such date, which is calculated based on the assumed receipt of Mortgage Prepayments received with respect to the Mortgage Loans purchased in whole or in part, directly or indirectly, with moneys made available by the issuance of the 2025 Series C Bonds at []% of the PSA Prepayment Model.

(ii) [The 2025 Series C Premium PAC Bonds shall be subject to mandatory redemption, in whole or in part on each Bond Payment Date, from and to the extent of Mortgage Prepayments received with respect to Mortgage Loans purchased in whole or in part, directly or indirectly, from moneys made available by the issuance of the 2025 Series C Bonds, but only if the outstanding principal amount of such 2025 Series C Premium PAC Bonds following such redemption is not less than the 2025 Series C Premium PAC Bonds Outstanding Applicable Amount as of such date, which is calculated based on the assumed receipt of Mortgage Prepayments received with respect to the Mortgage Loans purchased in whole or in part, directly or indirectly, with moneys made available by the issuance of the 2025 Series C Bonds at []% of the PSA Prepayment Model.]

(iii) Notwithstanding any other provision of this Section 3.02(b), but subject to Section 3.03(a), redemptions of the 2025 Series C Bonds from Mortgage Prepayments shall not occur if the Authority, in order to comply with certain tax covenants relating to yield on the Mortgage Loans, is required to use Mortgage Prepayments relating to Mortgage Loans purchased directly or indirectly in whole or in part with moneys made available by the issuance of the 2025 Series C Bonds to finance new Mortgage Loans or if such redemption would have a material adverse effect on the Authority's ability to pay when due the principal of and interest on the Resolution Bonds Outstanding under the Resolution after such redemption.

(c) *Special Redemption of Bonds from Excess Revenues.*

(i) The 2025 Series C Bonds are subject to special redemption at the option of the Authority, in whole or in part, on any date, from Revenues transferred to the 2025 Series C Special Redemption Subaccount from the 2025 Series C Revenue Subaccount after the transfers therefrom for the payment of Program Expenses and fees to the Authority, after the deposit of funds in certain other Accounts pursuant to the Resolution, after the Debt Service Payments have been made with respect to the 2025 Series C Bonds, and after effecting all redemptions required with respect to the 2025 Series C Bonds. (ii) The 2025 Series C Bonds are subject to special redemption at the option of the Authority, in whole or in part, on any date, from amounts transferred to the 2025 Series C Special Redemption Subaccount from any excess Revenues attributable to any Resolution Bonds (subject to applicable federal tax laws) after all transfers required under any applicable Series Resolution for the payment of Program Expenses and fees to the Authority, after the deposit of funds in certain other Accounts pursuant to the applicable Series Resolution, after the Debt Service Payments have been made with respect to such Resolution Bonds, and after effecting all redemptions required with respect to such Resolution Bonds. In redeeming the 2025 Series C Bonds from excess Revenues under this Section 3.02(c)(ii), the Bonds shall be selected for redemption by the Authority at its option from among any maturities and interest rates; [provided, however, that, with respect to the 2025 Series C Premium PAC Bonds, in accordance with Section 3.03(a), the amount of the 2025 Series C Premium PAC Bonds selected for redemption shall not cause the Outstanding amount of the 2025 Series C Premium PAC Bonds to be less than the applicable 2025 Series C Premium PAC Bonds Outstanding Applicable Amount].

(d) *Special Cleanup Redemption of Bonds.* The 2025 Series C Bonds are subject to special redemption, as a whole, on any date, at the direction of the Authority, if the sum of the moneys and the market value of Investment Obligations allocated to the 2025 Series C Bonds and held in the 2025 Series C Revenue Subaccount, the 2025 Series C Prepayment Subaccount, and the 2025 Series C Special Redemption Subaccount is sufficient to pay the principal amount of all such 2025 Series C Bonds Outstanding plus accrued interest thereon to the date fixed for redemption and all necessary expenses.

Section 3.03. Application of Recoveries of Principal.

(a) With respect to the 2025 Series C Bonds, the amount resulting from multiplying the amount of Recoveries of Principal by the applicable Cumulative 2025 Series C Restricted Percentages shall be 2025 Series C Restricted Recoveries of Principal, and shall, in accordance with the Code, be used to redeem 2025 Series C Bonds pursuant to Section 3.01, 3.02(b), 3.02(c)(i) or 3.02(d) above. To the extent 2025 Series C Restricted Recoveries of Principal are received (at least sixty (60) days prior to the applicable redemption date), such redemptions may occur at such times and with such frequency as the Authority elects, but at least once in each semiannual period, commencing with the semiannual period ending [_____]; provided, however, that no such redemptions are required [(except such redemptions as are required pursuant to Section 3.02(b)(ii) with respect to the 2025 Series C Premium PAC Bonds)] if the amount of 2025 Series C Restricted Recoveries of Principal in such semiannual period does not equal or exceed \$250,000.

(b) Any Recoveries of Principal allocable to the 2025 Series C Bonds received on a cumulative basis in excess of the amounts to be applied to the redemption of the 2025 Series C Bonds, as described in clause (a) above under this Section 3.03, may, in the Authority's discretion, subject to the requirements of the Resolution, be applied to the redemption of Outstanding Resolution Bonds on any date and to such maturities as the Authority may elect at its option, at a Redemption Price equal to the principal amount thereof, plus accrued interest, if any, to the redemption date or such Recoveries of Principal may be recycled to purchase Eligible Collateral.

(c) Notwithstanding the provisions of Section 3.03(a) hereof to the contrary, the Authority shall not be required to apply 2025 Series C Restricted Recoveries of Principal to the redemption of 2025 Series C Bonds [(except such redemptions as are required pursuant to Section 3.02(b)(ii) with respect to the 2025 Series C Premium PAC Bonds)] in the event that the Authority shall receive the written opinion of Bond Counsel to the effect that, as a result of the repeal of Section 143(a)(2)(A)(iv) of the Code or otherwise, the provisions of federal tax law no longer require such a redemption.

(d) To the extent redemption is not required pursuant to Section 3.03(a), redemption of the 2025 Series C Bonds from Recoveries of Principal shall not occur (i) if the Authority, in order to comply with certain tax covenants relating to yield on the Mortgage Loans, is required to use Recoveries of Principal relating to Mortgage Loans purchased in whole or in part, directly or indirectly, with moneys made available by the issuance of the 2025 Series C Bonds to finance new Mortgage Loans or (ii) if such redemption would have a material adverse effect on the Authority's ability to pay when due the principal of and interest on the Resolution Bonds Outstanding coming due under the Resolution after such redemption.

Section 3.04. Sinking Fund Redemption.

(a) The Term Bonds are subject to mandatory redemption prior to maturity, in part, at a Redemption Price of 100% of the principal amount to be redeemed plus accrued interest to the date fixed for redemption, from Sinking Fund Installments which are required to be made in amounts sufficient to redeem on January 1 or July 1 of each year specified below the respective principal amounts of such Term Bonds specified for each such year, as follows:

ARTICLE IV

ESTABLISHMENT OF ACCOUNTS AND APPLICATION OF BOND PROCEEDS

Section 4.01. Establishment of Accounts. The following Funds and Accounts are created and established pursuant to Article V of the General Resolution and this Series Resolution and shall be held by the Trustee and used for the purposes authorized by the General Resolution and specified in this Series Resolution:

(a) In the Program Fund:

- (i) the 2025 Series C Acquisition Subaccount within the Acquisition Account;
- (ii) the Costs of Issuance Account; and
- (iii) the 2025 Series C Bond Proceeds Subaccount within the Bond Proceeds Account.

(b) In the Revenue Fund:

- (i) the 2025 Series C Revenue Subaccount within the Revenue Account;
- (ii) the 2025 Series C Prepayment Subaccount within the Prepayment Account;

- (iii) the 2025 Series C Rebate Subaccount within the Rebate Account; and
 - (iv) the 2025 Series C Capitalized Interest Account.
- (c) In the Redemption Fund:
- (i) the 2025 Series C Special Redemption Subaccount within the Special Redemption Account; and
 - (ii) the 2025 Series C Optional Redemption Subaccount within the Optional Redemption Account.

The Trustee may also establish separate Funds or Accounts and subaccounts to be held by the Trustee, as and when needed, in connection with the Authority's establishment of requirements for the Mortgage Loan portion of the Program.

Section 4.02. Application of Bond Proceeds and Other Contributed Moneys and Assets.

All of the proceeds of the 2025 Series C Bonds, together with any funds contributed by the Authority, shall be deposited as set forth in the closing memo executed by an Authorized Officer and delivered to the Trustee.

Section 4.03. Application of Capitalized Interest Account.

(a) Moneys on deposit in the 2025 Series C Capitalized Interest Account shall be applied as follows:

(i) To pay interest on the 2025 Series C Bonds from and including the first Bond Payment Date until the end of the Delivery Period, to the extent sufficient moneys are not available in the Revenue Account to enable the Trustee to make the transfers from the Revenue Account as provided in Section 5.05(d) of the General Resolution; and

(ii) Upon the Trustee's purchase of a Mortgage-Backed Security from the Servicer, as applicable, to purchase accrued interest on such Mortgage-Backed Security, as provided in Section 4.04 herein with respect to the 2025 Series C Bonds.

(b) Any amounts remaining in the Capitalized Interest Account at the point in time when all monies originally deposited to the Acquisition Account have been expended shall, if so directed by the Authority, first, in amounts to be determined by cash flows approved by the Rating Agency, if not required for any further Debt Service Payments or payments required herein, be applied to reimburse the Authority for moneys contributed by it to the 2025 Series C Capitalized Interest Account, and the balance remaining, if any, shall be transferred to the Revenue Account and into such subaccount(s) as the Authority may direct upon consultation with Bond Counsel.

Section 4.04. Application of Program Fund.

(a) (i) Moneys in the Acquisition Account shall be used and withdrawn, as provided in this Section 4.04, solely for:

(A) the purchase of Eligible Collateral from the Authority or the Servicer, as applicable; *provided, however*, with respect to the purchase of Eligible Collateral which consists of Mortgage Loans, that (a) the Authority shall deliver a Certificate of Projected Revenues reflecting, after such purchase of Eligible Collateral and in each succeeding Bond Year thereafter, that the amount of Revenues and any other revenues, investment income or funds reasonably estimated by the Authority to be available for the payment of the Debt Service Payments and Program Expenses are in each such Bond Year at least equal to such Debt Service Payments and Program Expenses for each such Bond Year, and (b) the Trustee shall have received a Rating Confirmation;

(B) transfer to the Special Redemption Account for the purchase or redemption of the 2025 Series C Bonds, all as hereinafter provided;

(C) as provided in the General Resolution.

(ii) The Trustee shall disburse moneys from the Acquisition Account for the acquisition of Mortgage-Backed Securities from the Authority or the Servicer, as applicable, pursuant to the Servicing Agreement, and shall pay the Authority or Servicer, as applicable, therefor an amount equal to [(i) ____%] of the principal amount thereof (or such other percentage specified by the Authority), plus accrued interest, if any with respect to GNMA Securities and (ii) [____]% of the principal amount thereof (or such other percentage specified by the Authority), plus accrued interest, if any with respect to FHLMC Securities and FNMA Securities.] The purchase price of each Mortgage-Backed Security, as provided above, shall be paid from the Acquisition Account; *provided, however*, that the then accrued and unpaid interest on such Mortgage-Backed Security shall be paid from the Revenue Account, or, if sufficient funds are not available therefor in the Revenue Account, from the Capitalized Interest Account to the extent of any such deficiencies. Upon payment of the next Debt Service Payment and the subsequent interest payment on the Mortgage-Backed Security, an amount equal to the accrued interest on the purchase of such Mortgage-Backed Security shall be deposited to the account from which the funds were withdrawn. The outstanding principal amount of any Mortgage-Backed Security shall be not more than the outstanding aggregate principal amount of Mortgage Loans underlying such Mortgage-Backed Security.

(iii) If at the end of the Delivery Period, less than \$1,000,000 of such aggregate amount initially deposited in the Acquisition Account from the proceeds, or the equivalent thereof, of 2025 Series C Bonds has been used to purchase Eligible Collateral, then such Eligible Collateral may be sold and the proceeds thereof shall be considered unexpended proceeds of the 2025 Series C Bonds. Such unexpended proceeds shall be transferred to the 2025 Series C Special Redemption Subaccount within the Special Redemption Account. If it is then determined that the sum of the amounts of money and the market value of Investment Obligations held in the Revenue Account, the Acquisition Account, the Capitalized Interest Account, and the Special Redemption Account, and

therein the subaccounts applicable to the 2025 Series C Bonds, together with the market value of all Eligible Collateral applicable to the 2025 Series C Bonds, then such moneys may be used for the redemption of all Outstanding 2025 Series C Bonds from unexpended proceeds of the 2025 Series C Bonds.

(iv) The Authority covenants to monitor amounts in the Acquisition Account to ensure that money is made available to finance Mortgage Loans in Targeted Areas for at least twelve (12) months after [____], with respect to the proceeds of the 2025 Series C Bonds, in an amount necessary to comply with the Code.

(b) The Origination Period and the Delivery Period with respect to the 2025 Series C Bonds may be extended from time to time to a date certain, but the end of the Origination Period shall be not later than [____] and the end of the Delivery Period shall be not later than [____], upon receipt by the Trustee, no later than fifteen (15) days prior to the currently established end of the existing Origination Period, of a certificate of the Authority accompanied by the following:

(i) An opinion of Bond Counsel to the Authority addressed to the Authority and the Trustee to the effect that such an extension and the continued use of moneys in the Acquisition Account to acquire Eligible Collateral will not adversely affect the exclusion from gross income for purposes of federal income taxation of interest on the 2025 Series C Bonds;

(ii) A Certificate of Projected Revenues provided by an investment banking firm or financial consulting firm, selected by the Authority, or Bond Counsel to the Authority showing that extending the Origination Period and Delivery Period will not adversely affect the availability of Revenues sufficient to make timely payment of principal of and interest on the 2025 Series C Bonds, the Authority Fee and the Fiduciary Expenses; and

(iii) Written confirmation from S&P, or any other Rating Agency publishing, at the request of the Authority, a rating on the 2025 Series C Bonds if S&P shall cease to publish a rating on such Bonds, that the extension of the Origination Period and the Delivery Period will not adversely affect the current rating on such Bonds.

ARTICLE V

REVENUES

Section 5.01. Pledge and Assignment; Revenue Fund.

(a) Subject only to the provisions of this Series Resolution and the General Resolution permitting the application thereof for or to the purposes and on the terms and conditions set forth herein and therein, there are hereby pledged to secure the payment of the principal of and interest on the 2025 Series C Bonds in accordance with their terms and the provisions of the General Resolution and this Series Resolution all of the Revenues, all of the proceeds of the 2025 Series C Bonds and any other amounts held in any fund or account

established pursuant to this Series Resolution and the General Resolution (except amounts in the Rebate Account) and all of the right, title and interest of the Authority in the Eligible Collateral, the Servicing Agreement and the Origination Agreement (including all agreements entered into under such agreement). Said pledge shall constitute a lien on and security interest in such assets and shall attach, be perfected and be valid and binding from and after delivery by the Trustee of the 2025 Series C Bonds, without any physical delivery thereof or further act.

(b) The Authority transfers in trust, grants a security interest in and assigns to the Trustee, for the benefit of the Holders from time to time of the 2025 Series C Bonds, all of the Revenues and other moneys pledged in subsection (a) of this Section and all of the right, title and interest of the Authority in the Eligible Collateral, the Servicing Agreement and the Origination Agreement. The Trustee shall be entitled to and shall collect and receive all of the Revenues, and any Revenues collected or received by the Authority shall be deemed to be held, and to have been collected and received, by the Authority as the agent of the Trustee and shall forthwith be paid by the Authority to the Trustee. The Trustee also shall be entitled to and shall take all steps, actions and proceedings reasonably necessary in its judgment to enforce the terms, covenants and conditions of the Eligible Collateral, the Servicing Agreement and the Origination Agreement to the extent provided therein and to preserve and protect the priority of its interest in and under the Eligible Collateral, the Servicing Agreement and the Origination Agreement.

(c) All Revenues with respect to the 2025 Series C Bonds, other than those required to be deposited in the Rebate Account as set forth in an Authority Request, shall be promptly deposited by the Trustee upon receipt thereof in the appropriate subaccount within the Revenue Account, or, if a Mortgage Prepayment, in the appropriate subaccount within the Prepayment Account. All Revenues deposited with the Trustee shall be held, disbursed, allocated and applied by the Trustee only as provided in the General Resolution and this Series Resolution. The Trustee shall make transfers from the Revenue Account and Prepayment Account in accordance with Section 5.05 of the General Resolution; *provided, however*, that the fees paid to the Trustee pursuant to Section 5.05(c) of the General Resolution shall not exceed [.02]% annually (subject to a \$[1,000] minimum annual fee), commencing [_____], of the total Outstanding principal amount of the 2025 Series C Bonds, so long as Simmons Bank is the Trustee. If any Successor Trustee is appointed pursuant to Article VIII of the General Resolution and it becomes necessary to pay more than [.02]% annually (subject to a \$[1,000] minimum annual fee) as stated in the preceding sentence, the Authority covenants to reduce the Authority Fee by an amount equaling the difference between the fee stated above and the fee of the Successor Trustee.

(d) The GNMA Securities acquired by the Trustee on behalf of the Authority shall be held at all times by the Trustee in certificated form or through the Federal Reserve Bank of New York or such other GNMA depository (to the extent such corporation is effecting a book-entry transfer of such GNMA Securities) in trust for the benefit of the Bondholders. If the Trustee does not receive a payment on a GNMA I Security when due on the fifteenth day of each month, the Trustee shall immediately notify the Servicer and the Federal Reserve Bank of New York, or its successors, to the extent such corporation is effecting book-entry transfers of such GNMA Securities, and if such payment is not received by the seventeenth day of the month, shall demand payment from GNMA, in accordance with the GNMA Guaranty. If the Trustee does not receive a payment on a GNMA II Security by the twenty-second day of any month, the Trustee

shall immediately notify the CPTA, as defined in the Servicing Agreement, and demand wire transfer in immediately available funds of the required payment from the CPTA, and, if not so paid, demand payment from GNMA in accordance with the GNMA Guaranty. If the GNMA I or GNMA II Securities are not held by the Federal Reserve Bank of New York or such other GNMA depository, but are in the physical possession of the Trustee, the demand to GNMA shall be made on the fifteenth day in the case of a GNMA I Security and the twentieth day in the case of a GNMA II Security.

(e) The FNMA Securities acquired by the Trustee on behalf of the Authority shall be held at all times by the Trustee in trust for the benefit of the Bondholders and shall be held in book-entry form as described in this subsection. A FNMA Security will be issued in book-entry form through the book-entry system of the Federal Reserve System, pursuant to which the FNMA Security shall have been registered on the books of the Federal Reserve Bank in the name of the Trustee (acting as a “depository” within the meaning of 24 C.F.R. Section 81.44(b)), and the Trustee shall have received confirmation in writing that the depository is holding such FNMA Security on behalf of, and has identified such FNMA Security on its records as belonging to, the Trustee. If the Trustee does not receive payment or advice from the depository of payment, with respect to a FNMA Security when due by the close of business on the twenty-fifth day of any month (or the next business day if the twenty-fifth is not a business day), the Trustee shall demand payment from FNMA in connection with the guaranty of timely payments of principal and interest by FNMA.

(f) The FHLMC Securities acquired by the Trustee on behalf of the Authority shall be held at all times by the Trustee in trust for the benefit of the Bondholders and shall be held in book-entry form as described in this subsection. A FHLMC Security will be issued in book-entry form through the book-entry system of the Federal Reserve System, pursuant to which the FHLMC Security shall have been registered on the books of the Federal Reserve Bank in the name of the Trustee (acting as a “depository” within the meaning of 24 C.F.R. Section 81.44(b)), and the Trustee shall have received confirmation in writing that the depository is holding such FHLMC Security on behalf of, and has identified such FHLMC Security on its records as belonging to, the Trustee. If the Trustee does not receive payment or advice from the depository of payment, with respect to a FHLMC Security when due by the close of business on the twenty-fifth day of any month (or the next business day if the twenty-fifth is not a business day), the Trustee shall demand payment from FHLMC in connection with the guaranty of timely payments of principal and interest by FHLMC.

(g) Except as may be provided in Section 3.02(b)(iii) hereof, neither the Authority nor the Trustee shall sell or otherwise dispose of the Eligible Collateral after their acquisition for an amount less than an amount sufficient, together with other amounts then held under the General Resolution and this Series Resolution and available for the payment of principal of and interest on the 2025 Series C Bonds, to provide for the payment of all Outstanding 2025 Series C Bonds in accordance with Section 7.02 or Article XI of the General Resolution, or Section 3.01 hereof, or Section 3.02(b), (c) and (d) hereof, and the payment of all amounts due the Trustee with respect to the 2025 Series C Bonds, provided that notwithstanding anything herein or in the General Resolution to the contrary any sale or other disposition of FNMA Securities or FHLMC Securities shall be subject to the restrictions of such sale set forth in the FNMA Pool Purchase Contract or the FHLMC Pool Purchase Contract, as applicable, and in Section 5.01 hereof. This

Section 5.01(g) can be modified, amended or supplemented only in accordance with the provisions of Article X of the General Resolution, which requires the consent of 100% of the Holders of the applicable Series of Bonds Outstanding.

Section 5.02. Mortgage Prepayments, Mortgage Repayments and Revenues.

(a) All Revenues received by the Authority shall be paid to the Trustee immediately upon their receipt by the Authority. All Revenues, other than those required to be deposited in the Rebate Account as set forth in an Authority Request, and except as provided otherwise in this Series Resolution, other series resolutions of the Authority or the General Resolution, shall be deposited by the Trustee in the applicable subaccount of the Revenue Account or Prepayment Account, as applicable. There may also be deposited in the Revenue Fund, at the option of the Authority, any other moneys of the Authority, unless required to be otherwise applied as provided by this Series Resolution or other series resolution supplemental hereto.

(b) After making all transfers from the 2025 Series C Revenue Subaccount in accordance with Section 5.05(b), (c) and (e) of the General Resolution, the Trustee shall transfer any amounts in excess of \$25,000 remaining in the 2025 Series C Revenue Subaccount to the Special Redemption Account to be applied to the redemption of Resolution Bonds pursuant to Section 3.02 hereof.

(c) [RESERVED]

(d) On the Business Day next preceding each Bond Payment Date, all amounts in the 2025 Series C Prepayment Subaccount shall be transferred to the Revenue Account and applied pursuant to Section 5.02(a) and 5.02(b) hereof with respect to the 2025 Series C Bonds. If at any time amounts held in the 2025 Series C Prepayment Subaccount exceed \$5,000 or such other amount specified by the Authority to the Trustee, and, unless otherwise directed by the Authority, if two Business Days prior to the Bond Payment Date there are any amounts on deposit in the 2025 Series C Prepayment Subaccount to be used for special redemption pursuant to Section 3.02, the amounts in the 2025 Series C Prepayment Subaccount shall be immediately transferred to the 2025 Series C Special Redemption Account and used to redeem the 2025 Series C Bonds, as described in Article III hereof. Except as required pursuant to the Code, the Authority shall not be required to redeem any Bonds from Mortgage Prepayments and excess revenues if such redemption would have a material adverse effect on its ability to pay when due the principal of and interest on the Bonds Outstanding under the Resolution after such redemption.

(e) With respect to the Bonds, the Trustee shall pay or transfer from the 2025 Series C Revenue Subaccount Revenues in the applicable order of priority set forth in Section 5.05 of the General Resolution, subject to the provisions set forth in this Series Resolution.

(f) The Trustee shall make the transfers to and withdrawals from the Rebate Account in accordance with Section 5.05 of the General Resolution.

(g) Immediately after being deposited in the 2025 Series C Prepayment Subaccount in accordance with Section 5.08 of the General Resolution, Mortgage Prepayments of Eligible

Collateral purchased in whole or in part, directly or indirectly, with moneys made available by the issuance of the 2025 Series C Bonds shall be transferred to the 2025 Series C Prepayment Subaccount. [If, on any date, the amount of Mortgage Prepayments on deposit in the 2025 Series C Prepayment Subaccount exceeds the amount of 2025 Series C Cumulative Prepayments required to redeem 2025 Series C Premium PAC Bonds in accordance with Section 3.02(b)(ii) on the next succeeding Bond Payment Date, an amount of Mortgage Prepayments equal to such excess shall be transferred to the 2025 Series C Prepayment Subaccount.]

Section 5.03. Transfer of Moneys to Special Redemption Account. If amounts held in the Subaccounts within the Revenue Account, the Capitalized Interest Account, the Prepayment Account and the Special Redemption Account with respect to any of the 2025 Series C Bonds, valuing all Investment Obligations not including the Eligible Collateral (except pursuant to a sale of Eligible Collateral on the terms and conditions set forth in the General Resolution) held in such funds at “market value,” are sufficient to pay all Fiduciary Expenses and to redeem all Outstanding 2025 Series C Bonds pursuant to Section 3.02(d) hereof on the next date for which notice of redemption may be given pursuant to Section 3.02 of the General Resolution, then all such amounts, net of Fiduciary Expenses, shall be transferred to the Special Redemption Account and all such Investment Obligations shall be liquidated to the extent necessary to provide moneys sufficient for such redemption. For purposes of this Section 5.03, “market value” shall mean the lesser of (a) the average of the bid and ask prices most recently published prior to the date of determination for those Investment Obligations the bid and ask prices of which are published on a regular basis in The Wall Street Journal or, if not there, in The New York Times, or the average bid price as of the date of determination by any two nationally recognized government securities dealers selected by the Trustee for those Investment Obligations the bid and ask prices of which are not published on a regular basis as set forth above; or (b) par value (plus, prior to the first payment of interest following purchase, the amount of any accrued interest paid as a part of the purchase price) for Investment Obligations which are certificates of deposit and bankers’ acceptances, or, for all other Investment Obligations, the lesser of cost (exclusive of accrued interest after the first payment of interest following purchase) or par value (plus, prior to the first payment of interest following purchase the amount of any accrued interest paid as part of the purchase price); provided, however, that any repurchase agreements or investment agreements shall be valued, respectively, at the unpaid repurchase price or principal balance collectible pursuant thereto.

ARTICLE VI

PARTICULAR COVENANTS

Section 6.01. Program Covenants.

All covenants in this Section 6.01 relate solely to that portion of the Program related to Mortgage-Backed Securities. When the Authority establishes that portion of the Program related to Mortgage Loans, covenants related to the Mortgage Loan portion of the Program will be created.

(a) The Authority and the Trustee shall from time to time, with all practical dispatch and in a sound and economical manner consistent in all respects with the Act, the Program, the

General Resolution, this Series Resolution, all other applicable laws and regulations and with sound banking practices and principles, use and apply the amounts held in the Acquisition Account (except as otherwise provided in Section 4.04) to purchase Mortgage-Backed Securities and shall do all such acts and things necessary to produce Revenues sufficient to pay when due the principal of and interest on the 2025 Series C Bonds and shall take all steps, actions and proceedings reasonably necessary in the judgment of the Authority to enforce the terms, covenants and conditions of the Mortgage-Backed Securities, the Servicing Agreement and the Origination Agreement.

The Authority shall supervise, or cause to be supervised, each Mortgage Lender's compliance with the Origination Agreement. In the event the Servicing Agreement or the Origination Agreement shall be cancelled or terminated for any reason, the Authority shall proceed with due diligence to procure appropriate successor parties, subject to the provisions of the Origination Agreement and the Servicing Agreement and the requirements of GNMA under the GNMA Guide, FNMA under the FNMA Guides and FHLMC under the FHLMC Guides. During the period necessary to obtain such successors, the Trustee shall, subject to the approval of GNMA, FNMA and FHLMC, cause to be performed the duties and responsibilities of the Servicer or the Mortgage Lender, as the case may be, under the agreement cancelled or terminated and shall be compensated therefor, in addition to the compensation payable to it under the General Resolution or any other instrument, in the same manner and amounts as provided under the Origination Agreement or the Servicing Agreement cancelled or terminated.

(b) Subject to Section 4.04, amounts in the Acquisition Account to be used to purchase Mortgage-Backed Securities shall be used to purchase only Mortgage-Backed Securities which (i) are backed by Mortgage Loans which are in compliance with the Act, the Code and the Program, (ii) comply with the requirements set forth in the Servicing Agreement and (iii) in the aggregate have scheduled payments of principal and interest at least sufficient, together with other expected Revenues, to pay when due the principal of and interest on the 2025 Series C Bonds and Program Expenses.

(c) The Authority shall enforce or cause to be enforced the provisions of the Origination Agreement which provide that each Mortgage Lender shall cause mortgage insurance issued by the FHA under Section 203(b), 203(b)(2), 203(h), 203(k), 221(d)(2) or 234(c) of the National Housing Act, private mortgage insurance, or an FmHA or VA Guaranty, to be in effect for each Mortgage.

(d) The Authority shall enforce or cause to be enforced the provisions of the Origination Agreement which require that no Mortgage shall be sold, assigned or otherwise disposed of by the Servicer, except (i) pursuant to a covenant to repurchase contained in the Origination Agreement, (ii) to correct any failure of the Mortgage, the related residence or the related mortgagor to meet the requirements of Section 143 of the Code, (iii) in connection with any action or proceedings taken in the event of default on any Mortgage or as may be necessary for the purpose of realizing the benefits of the mortgagee's title insurance with respect to such Mortgage or (iv) for assignment to GNMA, FNMA, or FHLMC, as applicable, upon issuance by the Servicer, FNMA, or FHLMC, as applicable, of each Mortgage-Backed Security. No Mortgage-Backed Security shall be sold, assigned or otherwise disposed of; *provided, however*, all Mortgage-Backed Securities may be sold, at the sole discretion of the Authority pursuant to

Section 4.04 hereof and in connection with the occurrence of an Event of Default and a declaration of the 2025 Series C Bonds to be due and payable in accordance with the provisions of Section 7.02 of the General Resolution. Subject to the provisions of this subsection and the approval of GNMA, FNMA, or FHLMC, as applicable, any Mortgage may be sold, assigned or otherwise disposed of, and the Authority and the Trustee, through the Servicer, shall direct the Mortgage Lender to take all necessary action and execute and deliver all necessary instruments to confirm any such sale, assignment or disposition and to vest title to the Mortgage in the purchaser, assignee or other recipient thereof.

(e) The Authority shall not, without the written consent of the Trustee, alter, modify or cancel or agree to consent to alter, modify or cancel any agreement which relates to or affects the security for the 2025 Series C Bonds. In giving its consent, the Trustee may rely upon a Certificate of the Authority or an opinion of counsel. The Trustee shall not consent to any change in the maturity of any Mortgage-Backed Security.

(e) The Authority shall not consent to the modification of, or modify, the rate or rates of interest, or the amount or time of payment of any installment of interest or principal, or the security for or any of the terms or provisions of any Mortgage or any insurance on or with respect thereto in any manner which would result in the failure of such Mortgage to satisfy the conditions set forth in subsection (b) of this Section 6.01 or which would materially impair the security of the 2025 Series C Bonds.

(f) The Authority shall not amend, modify or supplement the Origination Agreement or the Servicing Agreement or consent to any such amendment, modification or supplementation, without the written consent of the Trustee. The Trustee shall give such written consent only if, based on the opinion of Bond Counsel (i) such changes will not materially adversely affect the interests of the Bondholders or result in any material impairment of the security hereby given for the payment of the 2025 Series C Bonds, (ii) the Trustee first obtains the written consent of the Holders of a majority in Bond Obligation to such amendment, modification or termination or (iii) such amendment is necessary to preserve the exclusion of interest on the 2025 Series C Bonds from gross income of the owners thereof for federal income tax purposes.

(g) The Authority and the Trustee hereby acknowledge that no FNMA Prospectus Supplement will be prepared or available as to the FNMA Securities. The Authority and the Trustee agree that the FNMA Securities may not be transferred except as provided in the FNMA Pool Purchase Contract and that this provision may be amended only with the written consent of FNMA.

(h) The Authority and the Trustee hereby acknowledge that no FHLMC Prospectus Supplement will be prepared or available as to the FHLMC Securities. The Authority and the Trustee agree that the FHLMC Securities may not be transferred except as provided in the FHLMC Pool Purchase Contract and that this provision may be amended only with the written consent of FHLMC.

Section 6.02. Covenants of Trustee Regarding Purchase of Mortgage-Backed Securities.

(a) In connection with the purchase of each Mortgage-Backed Security, the Trustee covenants that it will verify that:

(i) The purchase price of the Mortgage-Backed Security is [(i) with respect to GNMA Securities, [_____] % of the current outstanding principal amount of such Mortgage-Backed Security plus interest accrued to the date of acquisition and that the initial pass through rate on the Mortgage-Backed Security will be not less than the rate per annum shown on the most recent Certificate of Projected Revenues and (ii) with respect to FHLMC Securities and FNMA Securities, [_____] %] of the current outstanding principal amount of such Mortgage-Backed Security plus interest accrued to the date of acquisition and that the initial pass through rate on the Mortgage-Backed Security will be not less than the rate per annum shown on the most recent Certificate of Projected Revenues; *provided, however*, the Authority exercises its right to modify the fixed interest rate established on a Mortgage-Backed Security, either above or below these limits, with the approval of Bond Counsel, and provided further that such pass-through rate shall at all times reflect the fixed interest rate applicable to the Mortgage Loans securing the Mortgage-Backed Security less the then-current guaranty fee of GNMA, FHLMC or FNMA, as applicable.

(ii) After giving effect to the purchase of the Mortgage-Backed Security, the aggregate value of all Mortgage-Backed Securities purchased, valued at their outstanding principal balance plus accrued interest thereon, plus unexpended proceeds in the Acquisition Account and other moneys held under the General Resolution (including accrued interest thereon) (other than amounts in the Rebate Account) exceeds the principal amount of Outstanding 2025 Series C Bonds plus accrued interest thereon.

(iii) The form of the Mortgage-Backed Security conforms to the requirements of the GNMA Guide, the FNMA Guide or the FHLMC Guide, as applicable.

(iv) It has been delivered to the Federal Reserve Bank of New York an irrevocable instruction to the effect that all fees arising in connection with the limited purpose account are to be charged to another account maintained by the Federal Reserve Bank of New York for the Trustee.

(v) The Federal Reserve Bank of New York has delivered a certificate to the Trustee to the effect that based on the instruction regarding payments of its fees, the Federal Reserve Bank of New York will not charge the specified limited purpose account for so long as the instruction remains in effect. The certificate may make exceptions (as provided in the amended Federal Reserve Bank of New York rules) (A) to charge the cash balance for the limited purpose account for the recovery of securities or cash credited to the specified limited purpose account by mistake and (B) to secure and repay any advance of principal and interest made by the Federal Reserve Bank of New York.

(vi) Counsel has opined to S&P that the Trustee has a first priority perfected security interest in the GNMA collateral, which opinion may be qualified with respect to any lien, claim or charge of the Federal Reserve Bank of New York against the cash balance of the specified limited purpose account (but not the GNMA securities

themselves). The opinion should, however, refer to the certificate, mentioned in paragraph (v) above.

(b) The Trustee shall evaluate each Mortgage-Backed Security immediately after its creation. The Trustee shall purchase the Mortgage-Backed Security only after the verification described in this Section 6.02(a) has been completed. Upon purchase, the Trustee shall be furnished with (A) a Mortgage-Backed Security in certificated form, registered in the name of the Trustee, as Trustee under the General Resolution; (B) a Mortgage-Backed Security credited to the account of the Trustee at a clearing corporation as defined under and pursuant to the Uniform Commercial Code applicable to the clearing corporation and the clearing corporation is registered as a clearing agency under the Securities Exchange Act of 1934; (C) for FNMA Securities, the confirmation described in Section 5.01(e) hereof; (D) for FHLMC Securities, the confirmation described in Section 5.01(f) hereof; or (E) for GNMA Securities that are in the form of book entries maintained in limited purpose accounts and not in agency accounts on the records of the Participants Trust Corporation or such other depository institution qualified as such under the Monetary Control Act of 1980 (“Book-Entry Securities”), written evidence that (1) the Federal Reserve Bank of New York has made an appropriate entry in its records of the transfer of such Book-Entry Securities to the account of the Depository (defined below) and (2) the Depository has sent the Trustee confirmation of the purchase of such Book-Entry Securities by the Trustee and also by book entry or otherwise identifies such Book-Entry Securities as belonging to the Trustee, so that the Trustee at all times has a perfected first priority security interest in such GNMA Security. The “Depository” shall be a clearing corporation which is a participant in the Federal Reserve Bank of New York and which has a custody agreement with the Trustee with respect to the GNMA Securities. If so qualified, the Trustee may be the Depository and shall not require the confirmation set forth in (2) above.

(c) For so long as the 2025 Series C Bonds are Outstanding, the Trustee shall purchase the Mortgage-Backed Securities from proceeds attributable to the 2025 Series C Bonds as the Authority directs.

(d) The Trustee shall furnish information concerning the 2025 Series C Bonds and the Program to S&P upon reasonable request thereof and shall inform S&P upon the first purchase of a Mortgage-Backed Security from the Servicer.

The principal or redemption price of and interest on the Bond is payable in any coin or currency of the United States of America which at the time of payment is legal tender for public and private debts. The principal or redemption price of this Bond is payable at the principal office of the Trustee.

Interest on this Bond shall be payable by check or draft mailed to the registered owner at its address appearing on the registration books of the Authority kept for that purpose at the principal office of the Trustee, determined as of the close of business on the applicable Record Date or at such other place as may be provided for such payment by the appointment of any other Paying Agent as permitted by the Resolution. The Record Date for payment of interest is the fifteenth day of the month next preceding the date on which the interest is to be paid, whether or not a Business Day.

This Bond is issued under and by virtue of Arkansas Code Annotated Sections 15-5-101 *et seq.*, as amended and supplemented (the “Act”), and under and pursuant to the resolution of the Authority adopted July 20, 1995, as amended and restated on May 16, 2013, and as further amended and supplemented from time to time entitled “Single Family Mortgage Revenue Bond General Resolution (Mortgage-Backed Securities/Mortgage Loans Program)” (the “General Resolution”), as supplemented by the Series Resolution Authorizing the Issuance and Sale of Not to Exceed \$65,000,000 Single Family Mortgage Revenue Bonds, 2025 Series C (Mortgage-Backed Securities/Mortgage Loans Program), adopted October 16, 2025 (the “Series Resolution”), (such General Resolution and Series Resolution and any and all such further resolutions being herein collectively called the “Resolution”).

This Bond is one of the duly authorized “Single Family Mortgage Revenue Bonds, 2025 Series C (Mortgage-Backed Securities/Mortgage Loans Program)” (the “Bonds” or “2025 Series C Bonds”) limited to the aggregate principal amount of \$65,000,000 and duly issued under and by virtue of the Act and under and pursuant to the Resolution. Copies of the Resolution are on file at the office of the Authority, and at the corporate trust office of the Trustee, and reference to the Resolution and to the Act is made for a description of the pledge and covenants securing the Bonds, the nature, manner and extent of enforcement of such pledge and covenants, the rights and remedies of the registered holders of the Bonds with respect to such pledge and covenants, the terms and conditions upon which the Bonds are issued thereunder and a statement of the rights, duties, immunities and obligations of the Authority and of the Trustee. Such pledge and other obligations of the Authority under the Resolution may be discharged on or prior to the maturity or redemption of the Bonds upon the making of provision for the payment thereof on the terms and conditions set forth in the Resolution. All terms not otherwise defined herein shall have the meaning set forth in the Resolution.

The Bonds are issued for the purpose of providing funds for the Authority to provide money for the acquisition of Eligible Collateral and to pay the cost of issuance.

To the extent and in the manner permitted by the terms thereof, the Resolution and any resolution amendatory thereof or supplemental thereto may be modified or amended; provided, however, that no such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or redemption price thereof or in the rate of interest thereon without the consent of the holders of all such Bonds, or shall reduce the percentage or otherwise affect the classes of Bonds the consent of the holders of which is required to effect any such modification or amendment without the consent of the holders of all Bonds then outstanding.

This Bond is transferable by the registered holder hereof in person or by his duly authorized attorney, as provided in the Resolution, only upon the books of the Authority kept for the purpose at the corporate trust office of the Trustee (i) upon presentation and surrender of this Bond at the corporate trust office of the Trustee, together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered holder or his duly authorized attorney and (ii) upon payment of the charges prescribed in the Resolution. Thereupon a new fully registered Bond of the same aggregate principal amount and maturity shall be issued to the transferee in exchange therefor as provided in the Resolution. The Authority, the Trustee and any Paying Agent may deem and treat the person in whose name this Bond is registered as the absolute owner hereof for the purpose of receiving payment of or on account of the principal or redemption price hereof and interest due hereon and for all other purposes whatsoever, and neither the Authority, the Trustee nor any Paying Agent shall be affected by a notice to the contrary.

The 2025 Series C Bonds are issuable only in fully registered form, in denominations of \$5,000 or any integral multiple thereof, and comprise Serial Bonds maturing on [] and on each [] and Term Bonds maturing on [].

The 2025 Series C Bonds are subject to optional, special, and mandatory redemption as described in the Series Resolution.

In the event that any Bond is to be called for redemption, notice of such redemption, setting forth such information as is required pursuant to the Resolution, shall be given upon mailing a copy of the redemption notice by first-class mail (or, in the case of holders of more than \$1,000,000 in principal amount of the Bonds, by certified mail, return receipt requested) not less than thirty (30) or more than forty-five (45) days prior to the date fixed for redemption to the registered holder of each Bond to be redeemed at the address shown on the registration books and to one or more national services which record bond redemption data. Failure by the Trustee to mail notice of redemption pursuant to the Resolution to any one or more of the holders of any Bond designated for redemption or to any of such national information services shall not affect the sufficiency of the proceeding for redemption with respect to the holders to whom such notice was mailed.

On the specified redemption date, all Bonds so called for redemption shall cease to bear interest and shall no longer be secured by the Resolution, provided moneys for their redemption are on deposit at the place of payment at that time.

The holder of this Bond shall have no right to enforce the provisions of the Resolution, or to institute any action to enforce the covenants therein, or to take any action with respect to any Event of Default under the Resolution, or to institute, appear in or defend any suit or other proceedings with respect thereto, except as otherwise expressly provided in the Resolution. In addition, the right of the holder of this Bond to institute or prosecute a suit for the enforcement of payment hereof or to enter a judgment in any such suit is limited to the extent that such action would result in the surrender, impairment, waiver or loss of the security provided under the Resolution for the equal and ratable benefit of all holders of Bonds.

In case an Event of Default shall occur, the principal of this Bond may be declared due and payable in the manner and with the effect provided in the Resolution.

It is hereby certified and recited by the Authority that all acts, conditions and things necessary to be done precedent to and in the issuance of the Bonds in order to make the Bonds the legal, valid and binding special limited obligations of the Authority in accordance with their terms have been done, have happened and have been performed in regular and due form as required by law, and that the issuance of the Bonds did not at the time of issuance exceed or violate any constitutional, statutory or other limitation upon the amount of indebtedness prescribed by law or the Resolution.

Unless the Trustee's Certificate of Authentication hereon has been duly executed on behalf of the Trustee, this Bond shall not be entitled to any benefit under the Resolution or be valid or obligatory for any purpose.

IN WITNESS WHEREOF, the Authority has caused this Bond to be executed in its name and on its behalf by the facsimile signature of its Chair and its seal to be hereunto imprinted and attested to by the facsimile signature of its President.

ARKANSAS DEVELOPMENT FINANCE AUTHORITY, a public body politic and corporate organized and existing under and by virtue of the laws of the State of Arkansas ("ADFA"), for value received, hereby promises to pay, but only from the sources hereinafter provided, to the Registered Owner shown above or registered assigns or legal representative, upon the presentation and surrender of this bond as provided herein, the Principal Sum shown above on the Maturity Date shown above (unless redeemed prior thereto as hereinafter provided), with interest thereon based on a year of twelve 30-day months from the most recent date to which interest has been paid, or if the Date of Authentication shown below is prior to the first interest payment date, from the date of their original issuance and delivery, at the Interest Rate shown above until said Principal Sum is paid, payable on June 1, 2026 and semiannually thereafter on June 1 and December 1 of each year.

All interest due on this bond shall be payable to the person in whose name this bond is registered as of the close of business on the 15th day of May and November in each year or the preceding business day if such 15th day is not a business day (the "Record Date"), by check or draft to the address of such owner as it appears on the bond registration books of ADFA maintained by Regions Bank, as Trustee (the "Trustee") under the General Resolution mentioned herein. While this bond is registered in the name of Cede & Co. (or a successor entity), as nominee of The Depository Trust Company ("DTC"), the interest payments will be made in accordance with DTC procedures.

The principal of and interest on this bond are payable in any coin or currency of the United States of America which, at the date of payment, is legal tender for the payment of public and private debts, upon presentation and surrender hereof at the principal corporate trust office of Regions Bank, or its successor or successors, as Paying Agent; provided, however, that interest on this fully registered bond shall be paid by check or draft as set forth above.

Unless this bond is presented by an authorized representative of The Depository Trust Company, a New York corporation ("DTC"), to the Trustee for registration of transfer, exchange or payment, and any certificate issued is registered in the name of Cede & Co. or in such other name as is requested by an authorized representative of DTC (and any payment is made to Cede & Co. or to such other entity as is required by an authorized representative of DTC), ANY

TRANSFER, PLEDGE OR OTHER USE HEREOF FOR VALUE OR OTHERWISE BY OR TO ANY PERSON IS WRONGFUL inasmuch as the registered owner hereof, Cede & Co., has an interest herein.

This bond has been issued under Subchapter 3 of the Arkansas Development Finance Authority Act, as amended, Arkansas Code Annotated §§ 15-5-101 to -318, inclusive (the "Act"). The Series 2026 Bonds (as hereinafter defined) are special limited revenue obligations only of ADFA and in no event shall the Series 2026 Bonds constitute an indebtedness of the State of Arkansas (the "State") or an indebtedness for which the faith and credit of the State or any of its revenues are pledged or an indebtedness secured by a lien on or a security interest in any property of the State.

The Series 2026 Bonds are special limited revenue obligations of ADFA payable from the Pledged Receipts (as defined in the General Resolution) and all moneys and securities on deposit in the funds and accounts created by the General Resolution (except the Rebate Fund) as provided in Act No. 718 of the General Assembly of the State for the year 1991, as amended from time to time, codified at Arkansas Code Annotated §§ 15-5-901 to -910, inclusive (the "Construction Assistance Revolving Loan Fund Act"), Act No. 772 of the General Assembly of the State for the year 1997, as amended from time to time, codified at Arkansas Code Annotated §§ 15-22-1101 to -1112, inclusive (the "Drinking Water Revolving Loan Fund Act"), and the General Resolution. The pledge of the Pledged Receipts and the funds and accounts created by the General Resolution in favor of the Series 2026 Bonds is on a parity with the pledge in favor of the Arkansas Development Finance Authority Revolving Loan Fund Revenue Bonds, Series 2023 and the Arkansas Development Finance Authority Revolving Loan Fund Revenue Bonds, Series 2025. This bond is not a general obligation of ADFA. ADFA has no taxing power. The issuance of the Series 2026 Bonds shall not directly, indirectly or contingently obligate, morally or otherwise, the State or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment.

It is hereby certified and recited that all acts, conditions, and things required by the Constitution and laws of the State and the rules and regulations of ADFA to happen, exist, and be performed precedent to and in the issuance of this bond have happened, exist, and have been performed as so required.

No recourse shall be had for the payment of the principal or redemption price of and interest on this bond or for any claims based hereon or thereon against any officer of ADFA or any person executing this bond, all such liability, if any, being expressly waived and released by the Registered Owner of this bond by the acceptance of this bond.

This bond shall not be valid or become obligatory for any purpose until it shall have been authenticated by the execution by the Trustee of the certificate of authentication endorsed hereon.

1. **Resolutions.** This bond is a special limited revenue obligation of ADFA and is one of the bonds of ADFA designated "Arkansas Development Finance Authority Revolving Loan Fund Revenue Bonds" (the "Bonds"), authorized to be issued in various series under and pursuant to the Act, a resolution adopted by ADFA on July 20, 2023, titled "Revolving Loan Fund Revenue Bond Program General Bond Resolution" (the "General Resolution"), a series resolution adopted by ADFA on October 16, 2025, titled "Series Resolution Authorizing the Issuance of Revolving Loan Fund Revenue Bonds, Series 2026 in a Principal Amount Not to Exceed \$150,000,000" (the "Series Resolution") and a confirming resolution adopted by ADFA on December 4, 2025, titled "Resolution Confirming the Aggregate Principal Amount, Maturity and Interest Rate Schedules, and Redemption Features of the Revolving Loan Fund Revenue Bonds, Series 2026" (the "Confirming Resolution" and collectively with the General Resolution and the Series Resolution, the "Resolutions"), and other proceedings duly had and taken in conformity therewith. As

provided in the General Resolution, and except as may be limited by law, the Bonds may be issued from time to time pursuant to series resolutions in one or more series, in various principal amounts, may bear interest at different rates, and, subject to the provisions thereof, may otherwise vary. The aggregate principal amount of Bonds which may be issued under the General Resolution is not limited except as provided therein or as may be limited by law, and all Bonds issued and to be issued thereunder are and will be equally and ratably secured by the pledges, assignments in trust, and covenants made therein, except as otherwise expressly provided or permitted in the General Resolution.

This bond is one of a series of Bonds designated "Series 2026" (the "Series 2026 Bonds") issued in the aggregate principal amount of \$_____ under the Resolutions. Copies of the Resolutions are on file at the principal corporate trust office of the Trustee and at the office of ADFA in Little Rock, Arkansas, and reference to the Resolutions and any and all supplements thereto and modifications and amendments thereof and to the Act, the Construction Assistance Revolving Loan Fund Act, and the Drinking Water Revolving Loan Fund Act is made for a description of the pledges, assignments in trust, and covenants securing the Series 2026 Bonds, the nature, extent, and manner of enforcement of such pledges, assignments in trust, and covenants, the rights and remedies of the Registered Owners of the Series 2026 Bonds with respect thereto, and the terms and conditions upon which the Bonds are issued and may be issued thereunder.

2. **The Series 2026 Bonds.** The Series 2026 Bonds mature in the years and the amounts and bear interest as set forth below:

<u>Year</u> <u>(June 1)</u>	<u>Principal</u> <u>Amount</u>	<u>Interest</u> <u>Rate</u>
--------------------------------	-----------------------------------	--------------------------------

The Series 2026 Bonds are issuable in the form of registered bonds without coupons in the denomination of \$5,000 each or an integral multiple thereof, not exceeding the aggregate principal amount of Series 2026 Bonds maturing in such year.

3. **Redemption.** The Series 2026 Bonds at the time outstanding may be redeemed prior to their respective maturities as follows:

(a) *Optional Redemption.* The Series 2026 Bonds maturing on or after June 1, 20__, are subject to redemption prior to maturity beginning on June 1, 20__, at the option of ADFA, as a whole or in part at any time, at a redemption price equal to the outstanding principal amount of the Series 2026 Bonds to be redeemed, plus accrued interest thereon to the date set for redemption.

If fewer than all of the Series 2026 Bonds shall be called for optional redemption, the particular maturities of such Series 2026 Bonds to be redeemed shall be selected by ADFA in its discretion. If fewer than all of the Series 2026 Bonds of any one maturity shall be called for redemption, the particular Series 2026 Bonds or portions of such Series 2026 Bonds to be redeemed from such maturity shall be selected by lot by the Trustee in such manner as the Trustee in its discretion may determine; provided, however, that so long as Cede & Co. (or a successor entity), as a nominee of DTC, is the sole Registered Owner of the Series 2026 Bonds, the particular Series 2026 Bonds, or portions thereof, to be redeemed within a maturity shall be selected by lot by DTC, in such manner as DTC shall determine.

(b) *Sinking Fund Redemption.* The Series 2026 Bonds maturing on June 1, 20__ are subject to redemption prior to maturity at a redemption price equal to the principal amount thereof plus accrued interest thereon to the date for redemption from sinking fund redemption payments on June 1 in the years and in the amounts as follows:

Series 2026 Bonds Due June 1, 20__

<u>Year</u> <u>(June 1)</u>	<u>Amount</u>
--------------------------------	---------------

The Series 2026 Bonds redeemed by sinking fund redemption payments shall be selected by lot by the Trustee, except that so long as DTC or its nominee is the sole Registered Owner of the Series 2026 Bonds, the Series 2026 Bonds or portions thereof redeemed by sinking fund redemption payments shall be selected by lot by DTC, in such manner as DTC shall determine.

At its option, to be exercised on or before the 45th day next preceding any sinking fund redemption date, ADFA may (i) deliver to the Trustee for cancellation Series 2026 Bonds subject to sinking fund maturity or portions thereof (\$5,000 or any integral multiple thereof) in any aggregate principal amount desired or (ii) receive a credit in respect of its sinking fund redemption obligation for any Series 2026 Bonds subject to sinking fund maturity or portions thereof (\$5,000 or any integral multiple thereof) which prior to said date have been purchased or redeemed (otherwise than through sinking fund redemption) and canceled by the Trustee and not theretofore applied as a credit against any sinking fund redemption obligation. Each such Series 2026 Bond subject to sinking fund maturity or portion thereof so delivered or previously purchased or redeemed and canceled by the Trustee shall be credited by the Trustee at 100 percent of the principal amount thereof on the obligation of ADFA on such sinking fund redemption date and any excess over such amount shall be credited on future sinking fund redemption obligations as directed by ADFA or failing such direction, credited on future sinking fund redemption obligations in inverse order of their due dates, and the principal amount of such Series 2026 Bonds subject to sinking fund maturity so to be redeemed shall be accordingly reduced.

ADFA will on or before the 45th day next preceding each sinking fund redemption date furnish the Trustee with its certificate indicating to what extent the provisions of clauses (i) and (ii) of the preceding paragraph are to be availed of with respect to such sinking fund redemption payment.

(c) *Extraordinary Mandatory Redemption.* The Series 2026 Bonds maturing on and after June 1, 20__ shall be subject to extraordinary mandatory redemption prior to their scheduled maturities, on _____, 2027 (the "One-Year Extraordinary Mandatory Redemption"), in an amount equal to the Computation Amount (as hereinafter defined) applicable to the One-Year Computation Period (as hereinafter defined), plus accrued interest to the date of such extraordinary mandatory redemption, at the redemption prices set forth below, expressed as percentages of the principal amount of each maturity of the Series 2026 Bonds so redeemed:

<u>Maturity</u> <u>(June 1)</u>	<u>Redemption</u> <u>Price (%)</u>	<u>Maturity</u> <u>(June 1)</u>	<u>Redemption</u> <u>Price (%)</u>
------------------------------------	---------------------------------------	------------------------------------	---------------------------------------

The Series 2026 Bonds maturing on and after June 1, 20__ shall be subject to extraordinary mandatory redemption prior to their schedule maturities, on _____, 2029 (the "Three-Year Extraordinary Mandatory Redemption"), in an amount equal to the Computation Amount applicable to the Three-Year Computation Period (as hereinafter defined), plus accrued interest to the date of such extraordinary mandatory redemption, at the redemption prices set forth below, expressed as percentage of the principal amount of each maturity of the Series 2026 Bonds so redeemed:

<u>Maturity</u> <u>(June 1)</u>	<u>Redemption</u> <u>Price (%)</u>	<u>Maturity</u> <u>(June 1)</u>	<u>Redemption</u> <u>Price (%)</u>
------------------------------------	---------------------------------------	------------------------------------	---------------------------------------

"Computation Amount" means surplus proceeds (rounded to the next higher \$5,000 denomination) equal to the remainder of (A) thirty percent (30%) of the Net Proceeds less proceeds of the Series 2026 Bonds directly or indirectly used to make loans or grants as of the last day of the One-Year Computation Period (but not less than zero) or (B) ninety-five percent (95%) of the Net Proceeds less the proceeds of the Series 2026 Bonds directly or indirectly used to make loans or grants as of the last day of the Three-Year Computation Period (but not less than zero). "Net Proceeds" means the amounts received from the sale of the Series 2026 Bonds less proceeds used to pay costs of issuance, including underwriters' discount, during all or any portion of the One-Year Computation Period, or the Three-Year Computation Period, as the case may be.

"One-Year Computation Period" means the period ending on the last day of the one-year period commencing on the date of issuance of the Series 2026 Bonds. "Three-Year Computation Period" means the period ending on the last day of the three-year period commencing on the date of issuance of the Series 2026 Bonds.

The foregoing notwithstanding, the Series 2026 Bonds shall not be subject to the Three-Year Extraordinary Mandatory Redemption if ADFA obtains an opinion of nationally recognized bond counsel to the effect that, if ADFA does not cause the extraordinary mandatory redemption to occur, it will not adversely affect the excludability of interest on the Series 2026 Bonds from gross income for federal income tax purposes.

For purposes of the One-Year Extraordinary Mandatory Redemption and the Three-Year Extraordinary Mandatory Redemption, the Series 2026 Bonds subject to such redemption shall be selected on a "Pro-Rata Basis"; *provided*, that if any amount required to be redeemed remains after such selection, such remaining amount shall be applied to the redemption of \$5,000 in principal amount of each maturity of Series 2026 Bonds in inverse order of maturity. The term "Pro-Rata Basis" means that the principal amount of Series 2026 Bonds of a particular maturity to be redeemed shall be determined by multiplying the Computation Amount by the ratio which the principal amount of Series 2026 Bonds of such maturity then outstanding bears to the aggregate principal amount of Series 2026 Bonds then outstanding and subject to redemption.

As long as the Series 2026 Bonds are registered in the name of Cede & Co. (or a successor entity) in book-entry system, the Trustee shall give notice of the call for any redemption by certified mail or other standard means, including electronic or facsimile communication, at least 30 days before the redemption date to Cede & Co. (or a successor entity) as the Registered Owner of each Series 2026 Bond or portion of such Series 2026 Bond to be redeemed at the address appearing on the registration books maintained by the Trustee as Registrar. At such time as the Series 2026 Bonds are no longer held by Cede & Co. (or a successor entity), the Trustee shall give

notice of the call for any redemption by sending a copy of such notice not less than 30 nor more than 60 days prior to the redemption date, by first class mail, postage prepaid, or other acceptable means of delivery, including electronic or facsimile communication, to the Registered Owner of such Series 2026 Bond. The Series 2026 Bonds so called for redemption will cease to bear interest on the specified redemption date and shall no longer be secured by the Resolutions, provided that funds for such redemption are on deposit at the time with the Trustee.

On the date designated for redemption, notice having been given as provided herein, the Series 2026 Bonds or portions of such Series 2026 Bonds so called for redemption shall become and be due and payable at the redemption price provided for redemption of such Series 2026 Bonds or such portions thereof on such date and, if moneys for the payment of the redemption price and accrued interest are held by the Trustee as provided in the Resolutions, interest on such Series 2026 Bonds or such portions thereof so called for redemption shall cease to accrue, such Series 2026 Bonds or such portions thereof so called for redemption shall cease to be entitled to any benefit or security under the Resolutions, and the Registered Owners thereof shall have no rights in respect of such Series 2026 Bonds or such portions thereof so called for redemption except to receive payment of the redemption price thereof and the accrued interest thereon so held by the Trustee. If a portion of this bond shall be called for redemption, a new Series 2026 Bond in the aggregate principal amount equal to the unredeemed portion of this bond, of the same series and maturity and bearing interest at the same rate, shall be issued to the Registered Owner upon the surrender of this bond.

4. Defeasance. The General Resolution prescribes the manner in which the Resolutions may be discharged and provides that Bonds shall be deemed to be paid if (a) cash fully insured by the Federal Deposit Insurance Corporation and/or fully collateralized with United States Government Obligations (as defined in the General Resolution) and/or (b) United States Government Obligations, the principal of and interest on which, when due, will be sufficient to pay the principal or redemption price of and interest on such Bonds to the date of maturity or redemption thereof, shall have been deposited with the Trustee.

5. Persons Deemed Owners; Restrictions upon Actions by Individual Holders. ADFA and the Trustee may deem and treat the person in whose name this bond is registered as the absolute owner hereof (whether or not this bond shall be overdue and notwithstanding any notation of ownership or other writing hereon made by anyone other than ADFA or the Trustee) for the purpose of receiving payment of or on account of the principal or redemption price of this bond, and for all other purposes except as otherwise provided herein with respect to the payment of interest on this bond, and neither ADFA nor the Trustee shall be affected by any notice to the contrary. All such payments so made to any such Registered Owner, or upon order of the Registered Owner, shall be valid and, to the extent of the sum or sums so paid, effectual to satisfy and discharge the liability for moneys payable under this bond.

The Registered Owner of this bond shall have no right to enforce the provisions of the Resolutions, or to institute any action to enforce the covenants therein, or to take any action with respect to any event of default (as set forth in Section 9.01 of the General Resolution), or to institute, appear in, or defend any suit or other proceeding with respect hereto, except as provided in the General Resolution.

6. Transfer and Exchange. This bond is transferable or exchangeable, only upon the books of ADFA kept for that purpose at the principal corporate trust office of the Trustee, by the Registered Owner of this bond in person or by an attorney duly authorized in writing, upon the surrender of this bond together with a written instrument of transfer or exchange satisfactory to the Trustee duly executed by the Registered Owner or an attorney duly authorized in writing, and thereupon a new registered bond or bonds, in the same aggregate principal amount and of the same

maturity, shall be issued to the transferee or the Registered Owner in exchange therefor as provided in the General Resolution and upon the payment of any tax, fee, or other governmental charge required to be paid with respect to such transfer or exchange, if any, therein prescribed. Neither ADFA nor the Trustee shall be required to register the transfer of this bond or make any such exchange of this bond after this bond or any portion of this bond has been selected for redemption.

7. **Negotiability.** As declared by the Act, this bond shall be and be deemed to be for all purposes a negotiable instrument subject *only* to the provisions for registration and registration of transfer stated herein.

8. **Governing Law.** The provisions of this bond and the rights of all parties mentioned herein shall be governed by and construed in accordance with the laws of the State. The appropriate courts of the State shall have jurisdiction in any proceeding instituted to enforce this bond.

IN WITNESS WHEREOF, the Arkansas Development Finance Authority has caused this bond to be executed in its name by the manual or facsimile signature of the Chair of its Board of Directors and its corporate seal (or a facsimile thereof) to be hereunto affixed, imprinted, engraved, or otherwise reproduced and attested by the manual or facsimile signature of its Director of Home Ownership and Public Finance and Interim President/Secretary, all as of the Date of Issuance shown above.

PRESIDENT

Memorandum

To: ADFA Board of Directors
From: Ro Arrington 
Date: October 7, 2025
Subject: President's Report

-
- ADFA is addressing staffing gaps in key areas, including accounting, compliance, and single-family outreach, as enabled by Act 944. Strategic hiring initiatives are underway to bolster our team's capabilities and support organizational growth.
 - In light of the federal government shutdown, we're assessing ADFA programs that depend on federal support. Our goal is to minimize disruptions and maintain uninterrupted services for our stakeholders. We do not foresee any issues in the short term but will continue to monitor.
 - ADFA staff attended the National Council of State Housing Agencies' (NCHSA) annual conference in New Orleans, on October 5-7, 2025. This is always a great opportunity to network, foster new connections and learn about the latest housing initiatives. We are eager to adapt best practices to enhance our own initiatives here at ADFA.
 - The StartSmart First-Time Homebuyer program remains robust, prompting our request for approval on a sixth mortgage revenue bond issue since restarting the program in the spring of 2024. This demonstrates ADFA's commitment to supporting affordable homeownership in Arkansas amidst a challenging mortgage market.
 - The Federal Housing Programs team held a developer training at the Stonebreaker Hotel in Fayetteville on August 28. Despite inclement weather, the event drew a dedicated crowd of around 60 attendees, including ADFA board members Seth Mims and Rod Coleman. Pre-event engagement was strong with 80 registrations, and a meet-and-greet sponsored by Seth added a welcoming touch. Overall, the training proved successful.
 - ADFA is excited to host the 2025 Fall Board Planning Retreat at the Red Apple Inn in Heber Springs. We anticipate strong attendance from the Board and productive discussions as we build on the opportunities presented by Act 944. Our goal is to establish clear operational guidelines that will serve as a roadmap for ADFA's future success.

FISCAL

Memorandum

TO: ADFA Board of Directors
FROM: Kristy Cunningham, CFO 
DATE: October 7, 2025
RE: October 2025 Board Meeting CFO Report

We will present the June 2025 quarterly financial presentation at the Financial Reporting & Operations Committee meeting.

I have attached the unaudited financial statements for the month ended June 30, 2025. The June 2025 Statement of Revenues, Expenses, and Changes in Fund Balance (income statement) reflects twelve months of activity for FY25 (ending June 30, 2025). Actual combined revenues over expenses (includes venture capital programs, excludes inter-agency programs,) is a net income of \$24,656,166.

Note: The federal financial assistance "net" (revenues minus expenses) accounted for income of \$13,803,677, thus causing part of the overall net income of \$24,656,166. The federal financial assistance "net" is the difference between federal funds received and federal funds expended. It does not represent a true net operating income – it is a timing of funds received/expended. Also, federal funds received are used to fund repayable loans which are reported as loans receivable on the balance sheet and not expensed.

Over the last two months, accounting and loan servicing staff have been working with Frost auditors on the fiscal year end audit reports. The draft audit reports will be presented at the October board meeting by the Frost auditors, Brian Ettehad and Daniel Meador, for board approval pending the OPEB updates.

Staff continues to strive to get caught up as well as prepare for reporting deadlines this month and next, two new bond deals closing soon for Single Family and ANRC Revolving Loan programs, and various projects within the MITAS system.

DEVELOPMENT FINANCE

MEMORANDUM

Date: October 7, 2025

To: ADFA Board of Directors
From: Chuck Cathey *cc*

Subject: Development Finance Monthly Activity Report

Bond Guaranty and Lending Programs

Inquiries and application information requests continue about guaranteed bond financing, but economic uncertainty has many companies hesitant about financing and business expansion. James and James Furniture of Northwest Arkansas is completing the construction of a new manufacturing facility in Heber Springs and has engaged with ADFA and AEDC to provide permanent financing in the form of an \$11MM bond guarantee.

Development Finance is currently reviewing financial statements and rating all guaranteed credits for creditworthiness, adequacy of reserves, and verifying file documentation for maintenance of adequate insurance coverage, and payment of required property and business property taxes in preparation for the annual portfolio examination by the State Bank Department.

Asset Management

Reviewing requests for draws against reserves and uploading of current year financials to MITAS is ongoing for HOME, NHTF and TCAP loans assigned for Asset Management. Annual financial reviews of asset managed properties are wrapping up and follow up with property managers for missing documentation is in process.

Venture Capital Programs

Our partners in Fieldbook Studio, Alloy Partners (f/k/a High Alpha) and Cartwheel Startup Studio, are beginning formation of Fieldbook Studio II as expected and will request SSBCI funding for this venture; however, SSBCI funding may no longer be viable option due to late timing of pulling the deal together and uncertainty of funding availability. The same scenario applies to a long-anticipated fund being established by the Walton Family Foundation now coming together over two years after initial inquiries were made.

State Small Business Credit Initiative (SSBCI)

AEDC has informed ADFA that due to Act 116 of 2025, an Act to Prohibit Discrimination or Preferential Treatment by the State of Arkansas and Other Public Entities, they are in the process of shutting down the Minority and Women Owned Business Enterprises (MWOBE) program as a targeted preferential treatment program under the Act. The MWOBE was to be the cornerstone program approved by the U.S. Treasury for deployment of the required Socially and Economically Disadvantaged Individual (SEDI) Owned Businesses portion of the allocation agreement for SSBCI funds.

The MWOBE Loan Mobilization Fund was approved to receive \$15MM to provide loan guarantees to banks and financial lending institutions over the life of the program and was allocated \$4.4MM in Tranche 1 that is having to be absorbed by other programs with their own challenges in the current economic environment. This action has severely hamstrung the potential for receiving an available Tranche 2 under the allocation agreement due to lack of deployment volume to these SSBCI targeted individuals and overall deployment volume in general.

Capital Access Program

Since its inception in 1993, the Capital Access Program (CAP) has made loan loss reserve contributions to lenders totaling \$2.07MM in support of \$43.6MM in loans to small businesses. The average loan to small businesses enrolled in the program is \$37,675 and has resulted in 4,432 jobs being created or retained.

Loan Acquisition Fund vs. Student Loan Portfolio Balance

As a reminder, the graph below is meant to provide insight in determining the optimal time to issue tax-exempt bonds in 2026. The size of the financing will be determined by the number of loans available to be securitized at the time of the transaction (expected to be at least \$15 million) plus the projected loan volume through early 2027 (expected to be around \$20 million). Early estimates anticipate the total financing to be in the range of \$35 million to \$40 million.

Effects of the One Big Beautiful Bill Act (OBBB)

Below is an article from the Arkansas Democrat Gazette published on September 28, 2025. The article describes the impact of the OBBB on the UA System and its students. One of the greatest impacts is related to the impending phase-out of the Federal Graduate PLUS Loan program; ASLA is involved in ongoing discussions with a number of Arkansas colleges to determine how we can lessen the impact by providing private student loans to graduate students who are no longer eligible to receive Graduate PLUS Loans.

Students in Arkansas borrowed approximately \$65 million in Federal Graduate PLUS loans in the 2024-25 academic year. Replacing the Federal Graduate PLUS Loan program with private loans is a complicated issue, primarily due to many students not being credit-worthy and due to their families being unable or unwilling to act as cosigners.

The phase-out of Federal Graduate PLUS Loans begins on 07/01/2026. ASLA is working with several industry professionals to identify the best financing options we can provide to Arkansas students. We will consult with the ADFA Board as we move toward implementing new programs to fill the funding void created by the Graduate PLUS loan phase-out.

Federal student aid changes ‘very concerning,’ UA official says

UA officials discuss likely impact on funds recipients

September 28, 2025 by Ryan Anderson

(The beginning paragraphs of this stseveral paragraphs have been

FAYETTEVILLE -- Changes to federal financial aid could be "very concerning" for University of Arkansas System schools and students, according to Suzanne McCray, the University of Arkansas, Fayetteville vice provost for enrollment and the dean of admissions.

The "negotiated rulemaking" process runs until early January 2026, so some elements could change, but graduate schools will likely see the most impact, followed by universities, with two-year colleges experiencing the fewest effects, McCray told the UA System board of trustees last week during their meeting in Fayetteville. "The longer you're in school, the more impact it will have."

While the effect "may be mitigated at some institutions, the huge impact will be on students," said Michael Moore, the UA System's vice president for academic affairs. If even one student can no longer go to college due to financial barriers, "that turns their world upside down."

Students who receive grants and scholarships from non-federal sources that cover all of their cost of attendance will no longer receive Pell funding -- Pell grants are federal awards to students from low-income households -- and the same goes for those with a Student Aid Index greater than or equal to twice the maximum Pell Grant award, McCray said. Though these Pell Grant changes were initially "worrying, it seems the impact will be minimal" for UA System students.

This year, more than 6,000 UA-Fayetteville students are receiving Pell grants, the most ever, said Chancellor Charles Robinson. This demonstrates "our desire" to provide educational access to students "in need so they can (pursue) the American Dream," he said.

More troubling than Pell grant alterations is elimination of the Graduate PLUS loan program, as that will impact all UA System campuses with graduate programs, McCray said. Its elimination will drive students to private loans, which may lead to them not getting all the money they need for graduate school.

According to the Association of American Medical Colleges, roughly half of medical students utilize Grad PLUS loans annually, which are based almost entirely on the cost of attendance, as Grad PLUS loans are often utilized by students pursuing careers in medicine, law and other training-intensive careers.

In addition, Parent PLUS loans will be limited to \$20,000 per year, with an aggregate limit of \$65,000 per student, while graduate student loans will be limited to \$20,500 per year with an aggregate limit of \$100,000, McCray said. The lifetime borrowing limit will be \$257,500 across all federal student loans.

Furthermore, professional student loans will be limited to \$50,000 per year with an aggregate limit of \$200,000, she said. That's actually a net positive for law students, as their aggregate limit increases by \$61,500, but the outlook is more muddled for medical students. Their annual limit will increase by \$9,500, but their aggregate limit will decrease by \$24,000. However, that aggregate limit now excludes undergraduate loans.

In 2024-25, UA-Fayetteville had nearly 1,200 undergraduates exceeding the Parent PLUS cap, "a worry (for) us," McCray said. It's "scary."

Between UA-Fayetteville, the University of Arkansas at Little Rock and the University of Arkansas for Medical Sciences, roughly 1,400 students utilized the Graduate Plus program, which is being phased out, she said. "That's a significant amount of dollars these students will now not have access to."

Those already with loans are also seeing costs increase. Nearly 8 million borrowers on the Saving on a Valuable Education (SAVE) plan from former President Joe Biden's administration started collecting interest Aug. 1 on their student loans for the first time since Biden placed the group in forbearance in July 2024, pausing both monthly payments and interest accrual.

For the typical borrower on the plan, the resumption of interest charges could cost them about \$300 per month, according to analysis performed this summer by the debt-focused advocacy group Student Borrower Protection Center. That amounts to more than \$3,500 in interest costs annually.

- I joined ADFA colleagues Lori Brockway, John Blackwell, and Board Member Rod Coleman at the Cobblestone Farm Community ribbon-cutting event in Fayetteville on September 5, 2025. This affordable housing project, largely funded by ADFA, highlights our collaborative efforts to increase affordable housing options in Arkansas.
- Represented ADFA at the Mortgage Bankers Association of Arkansas' "SeptemberFest" fundraising event, which successfully raised money for Our House. ADFA supported this charitable effort as a sponsor, providing an opportunity to network with our mortgage industry peers.
- Conducted a public hearing via Zoom on October 1, 2025, for the CDBG-DR 2025 Action Plan. Arkansas received \$59 million in Community Development Block Grant-Disaster Recovery funds to support recovery from two specific disasters, with 70% of funds designated to benefit low to moderate income households or areas. The majority of funding (\$44 million) is allocated to housing programs, and ADFA is currently developing detailed program guidelines and application procedures.
- Attended the National Council of State Housing Agencies (NCSHA) 2025 Annual Conference in New Orleans, October 4-7. The conference provided valuable opportunities to learn about emerging trends in affordable housing finance and network with communications and housing professionals from state agencies nationwide.
- Working with ADFA colleagues Kay Mallett and Kimmy Helble to finalize preparations for the 2025 Board Planning Retreat at the Red Apple Inn in Heber Springs on October 15-16, 2025. We are completing room reservations and meal arrangements and look forward to a productive and enjoyable experience for all participants.

Joshua Bryant selected to chair Senate City, County and Local Affairs Committee

September 16, 2025 by [Michael R. Wickline](#)

State Sen. Joshua Bryant, R-Rogers, will chair the Senate City, County and Local Affairs Committee, Senate President Pro Tempore Bart Hester, R-Cave Springs, said Tuesday.

Hester said Bryant will serve as chair of the Senate committee until January 2027. The late Sen. Gary Stubblefield, R-Branch, who died Sept. 2, had served as the committee's chair since January this year.

In case of a permanent vacancy in the chairmanship of a Senate committee, the Senate president pro tempore appoints another committee chairman under Senate Rule 7.5.

Bryant said Tuesday that he wants the Senate City, County and Local Affairs Committee to "unpack any type of regulatory outreach" by governmental entities on housing. He said he wants cities and registered professionals such as engineers, architects and planners to explain their practices, and help lawmakers determine what needs to be done to make housing more affordable.

He said he would like the Senate committee to hear from groups such as the Arkansas Development Finance Authority and other government and private lenders about partnering with developers to increase the state's housing stock.

In addition, Bryant said he believes the committee also needs to address cemeteries that are without ownership or caretakers. He has served in the state Senate since 2023 and served in the state House of Representatives from 2021-2023.

Last week, a group of community leaders and government officials gathered to mark the official opening of a new affordable housing community in west Fayetteville. Ozarks at Large's Daniel Caruth was at the ribbon-cutting and has more.

A volunteer holds open the door to a first-floor duplex with cursive letters spelling out the words "Love" and "Family" above a plush beige couch. The three-bedroom duplex is one of 89 units in the new Cobblestone Farm community. The housing development off

Wedington Drive in west Fayetteville includes single-family homes, triplexes and duplexes like this one, and is home to around 300 residents.

What sets this apart from the many housing developments popping up across the region is the price. Rent here starts as low as \$173 a month and caps at \$753. This community opened to renters earlier this year and is already at capacity.

“At one point, when we opened the waiting list before we had our first unit, there were over 500 people on the waitlist.”

Jim Petty, CEO of Strategic Realty and a Republican state senator from Van Buren, is the lead developer for the project. He welcomed a crowd seated in front of the units and said collaboration was paramount to get this development built after nearly seven years of planning.

“So for those of you that are counting, that’s three presidents, two governors and one pandemic ago. So it has been a process, and it’s our prayer that the lives of these 89 families that currently live here, and those that will live here in the future, will be positively impacted because of this project. And again, we’re proud to have had many partners. We’re proud to have led this process. But we couldn’t have done it alone.”

In 2020, the city of Fayetteville rezoned and annexed the nearly 30 acres where the development now sits and officially broke ground in 2022. Financing for the \$21 million project came from a mix of sources. The Arkansas Development Finance Authority provided 90 percent of resources through the federal Low-Income Housing Tax Credit Program and the National Housing Trust Fund, while Arvest Bank helped with construction costs through an \$850,000 Affordable Housing Program grant awarded by the Federal Home Loan Bank of Dallas.

Jim Hall, co-director leader for New Heights Church, another partner organization, said the church is leasing the land for the project at \$1 a year for 99 years.

“New Heights was gifted \$1.2 million from an anonymous donor to buy the property almost 17 years ago, and certainly no one at that time foresaw using the land for this purpose, to help create a community for folks in need of affordable housing. New Heights is currently beginning discussions — and I can’t say a lot about this right now, but I’m in hopes it will come to fruition rather quickly — with another nonprofit to help create even more housing to meet a niche need in our community. A bigger project is this, but we’re in hopes of doing even more than that project in the future on this property and other properties. I hope other churches and nonprofits will follow suit and do even more.”

Addressing affordable housing through projects like this has become an increasing issue in Northwest Arkansas, with median home prices in the region growing by 240 percent over the past six years, according to a 2024 report from the Center for Business and Economic Research at the University of Arkansas.

Brad Sikorski, president and CEO of the Accelerate Foundation, another partner in the Cobblestone Farm community, said the project shows the power of collaboration.

“You know, I think my predecessor had a saying that kind of encapsulates this: many hands create for light work. And this is definitely a project where any one of us couldn’t have pulled this off by ourselves. I think it’s a step. We need a lot more housing stock in Northwest Arkansas. And so we just, frankly, need 10 more projects like this across Northwest Arkansas. Probably more than that.”

Accelerate is working on other affordable housing projects, including one in Bentonville that will provide homes for the city’s school district employees.

“One of the ultimate goals we have is to be able to move people into their own homes. There are some other novel models we’re testing throughout the Northwest Arkansas community that will not only give folks affordable homes but give them the ability to build wealth and transition that into the dream of homeownership. Those are some of the programs I’d like to see more of.”

Karen Phillips, chief operations officer for Restore Hope, another partner on the project, said the biggest hurdle in creating affordable housing is finding out how to fund it.

“A lot of layers of funding sources, which is what it took to make this happen and to keep the rents as low as they are. You heard how low those rents are. Well, that doesn’t just happen. That requires a lot of different funding mechanisms to keep the rents low. And every funding mechanism you use comes with its own set of rules and regulations and red tape. And every single one of those require a lot of time and effort and setbacks. So yeah, that was part of the process for sure.”

Sen. Petty agreed that while projects like this help address part of the region’s housing crisis, there’s still more that needs to be done, at least from a policy standpoint.

“So I think the first thing that needs to happen is education. Not everybody understands, like Northwest Arkansas, that there is an affordability crisis and availability crisis, in spite of all of their successes and economic prosperity up here. That perpetuates exactly what we’re talking about here today. The rents here on these, I would guess, are \$1,500, \$2,000 if it weren’t for the programs that fund this.”

He said it will take a combination of tactics, like reforming zoning and building codes, to help course-correct the inflated housing market.

“Currently, I introduced a bill, SB456, that we put into interim study, and that’s doing just that. What can we do to speed up, accelerate the construction of housing, and what can we do to keep the cost as low as possible.”

Petty also identified issues like transportation and wastewater infrastructure as barriers to development.

“There’s just a lot of things that need to happen. And I think the more we talk about it, and the more we do it in a way that is collaborative, and we get our own personal preferences and our own egos out of the way, the sooner that we can get to solving the real problems.”

He said Cobblestone is planning to build 10 more units on the property later this year.

Bentonville City Council votes 6-0 to approve 7% annual wastewater rate increases for 2026-30

September 10, 2025 by [Thomas Saccente](#)

BENTONVILLE -- City wastewater customers -- both residential and commercial -- can expect their bills to go up every year for the next five years to give the city more revenue to cover increased operating and capital costs for its sewer system.

The City Council voted 6-0 Tuesday to approve 7% annual wastewater rate increases between 2026 and 2030. The increases will take effect Jan. 1 each year.

Beckie Seba, Ward 1 City Council member, and Chris Sooter, Ward 2 City Council member, were absent.

Preston Newbill, city water utility deputy director, said the rate increases will impact average residential wastewater customers -- those that use about 4,000 gallons monthly -- by about \$3 per month in 2026 and about \$4 per month in 2027-30.

The City Council approved authorizing the city to contract with the Charlotte, N.C.-based Raftelis Financial Consultants Inc. to perform a water and wastewater rate study -- including a financial plan -- July 9 for a maximum of \$115,620.

Newbill has said the rate analysis is necessary to ensure the city has adequate rates to pay for its water and wastewater expenses and capital needs.

Raftelis recommended Feb. 10 the city double its water rates to fund the expenses it projected the city will incur the rest of the year as part of the study. The City Council voted March 11 to establish the new rates. The city started applying them to bills generated on or after April 12 for city residential, commercial and irrigation water customers inside and outside the city limits.

Collin Drat, vice president with Raftelis, told the City Council at its Committee of the Whole meeting Aug. 25 the city needs wastewater rate increases to raise its wastewater utility revenues to cover future increases in operating expenses and capital costs. These increased expenses will start exceeding the city's existing revenues in 2026 and continue growing every year through 2030 more quickly than the rate at which Raftelis projects the revenues will grow.

Increases in operating costs Raftelis forecasted between 2025 and 2030 include new staff, salaries, benefits and general inflation. The firm also incorporated inflationary increases in wastewater treatment the city buys from the Northwest Arkansas Conservation Authority into its projections.

Bentonville's wastewater treatment plant, known as the Water Resource Recovery Facility, serves the city north of Arkansas 102, according to Chris Earl, the facility's manager. The Northwest Arkansas Conservation Authority treats wastewater from the rest of the city south of Arkansas 102.

In terms of capital costs, Drat said the city needs additional revenue to cover debt obligations stemming from loans to fund major projects. These include an about \$153 million planned expansion and upgrade to the city's wastewater treatment facility; the city's share for a Northwest Arkansas Conservation Authority treatment plant expansion project totaling about \$68 million; and repairs to a line between the city and the Conservation Authority totaling about \$30 million.

Other factors include \$4 million for vehicle and equipment replacement and a \$2 million estimated annual cost for work to reduce the amount of rainwater getting into the city sewer system -- or inflow and infiltration.

Drat said Raftelis recommended the city increase its wastewater rates by 5% in 2026, 6% in 2027, 7% in 2028 and 8% in 2029, culminating with a 9% raise in 2030.

However, Octavio Sanchez, Ward 4 City Council member, proposed keeping the rate increases at 7% per year from 2026 to 2030. He argued this could produce a better cash

flow by applying higher rates earlier while leading to the same cumulative increase as the increases Raftelis recommended.

The city implemented 5% wastewater rate increases in July 2023 and January 2024, according to Drat.

Michael McCranie, city spokesman, said via email the city is billing 20,980 total accounts for sewer service as of Tuesday. This includes 19,507 residential and 1,473 commercial accounts.

The City Council voted [June 24](#) to approve implementing increased rates for electrical service the Holland, Mich.-based Utility Financial Solutions LLC recommended for the city as part of a separate electric cost of service study. The new rates took effect with bills due on or after Aug. 1.

BOND ISSUE

The City Council also voted 6-0 Tuesday to authorize the city issuing and selling a \$55 million combined electric, water and sewer system revenue bond to the Arkansas Development Finance Authority to finance the cost of the improvements to the city wastewater treatment plant.

Patrick Johndrow, city finance director, said the sale will be carried out as part of the state Clean Water Revolving Loan Fund Program.

The council approved a resolution expressing the city's willingness to accept a \$55 million loan from the Arkansas Natural Resources Commission [Feb. 25](#). The funding is in addition to the original loan of more than \$97.7 million the city requested from the commission [last year](#).

Brett Peters of the engineering firm Hawkins-Weir Engineers Inc. wrote in a memo included in the Feb. 25 City Council meeting packet applying for an additional loan from the Arkansas Natural Resources Commission was necessary due to the costs of the project jumping from more than \$97.7 million -- as per Hawkins-Weir's estimate outlined in its preliminary engineering report in October 2022 -- to more than \$152.7 million.

Johndrow said Tuesday the city will receive the \$55 million loan in October with the City Council's approval of the revenue bond sale.

The city will pay a 3% interest rate on the loan -- plus a 1% servicing fee the state charges -- while the project is ongoing, according to Johndrow. The city will pay both principal and interest in installments over a 20-year period after the project is complete.

Earl has said [the improvement project](#) will increase the plant's capacity for wastewater treatment from 4 million to 8 million gallons a day. It currently handles about 3.4 million gallons a day on average and will be able to handle up to 30 million gallons a day on a short-term basis if necessary.

The project will also update some aging infrastructure at the 86-year-old plant, according to Earl. The facility is located at 1901 N.E. A St.

Current rates Bentonville's current wastewater rates went into effect with bills due on or after Jan. 1, 2024. They consist of the following: Residential Monthly facility charge 3/4" and 5/8" — \$14.78 1" — \$48.69 1.5" — \$180.87 2" — \$193.10 3" — \$283.67 4" — \$795.26 6" — \$1,713.16 8" — \$3,446.29 10" — \$5,169.42 Consumption charge Inside city — \$8.48 per 1,000 gallons Outside city — \$10.18 per 1,000 gallons Commercial Monthly facility charge 3/4" and 5/8" — \$15.80 1" — \$52.03 1.5" — \$193.28 2" — \$206.35 3" — \$303.13 4" — \$849.82 6" — \$1,830.70 8" — \$3,681.14 10" — \$5,521.70 Consumption charge Inside city — \$9.06 per 1,000 gallons Outside city — \$10.87 per 1,000 gallons The wastewater rates include a \$4.41 additional monthly charge per water meter for customers outside the city limits.
