

ARKANSAS DEVELOPMENT FINANCE AUTHORITY

2027 QUALIFIED ALLOCATION PLAN

The Arkansas Development Finance Authority (“ADFA” or the “Authority”) is charged with administering federal low-income housing tax credits (the “LIHTCs”) In accordance with federal law, and to describe and provide for the allocation and administration of the Tax Credits, the Authority has adopted this Qualified Allocation Plan (“QAP”).

The Authority will allocate the Tax Credits according to the provisions of this QAP, which includes the “Multifamily Housing Application Guidelines” attached hereto.

I. APPLICATION

An allocation of Tax Credits will be made only after the filing with the Authority of a Multifamily Housing Application (the “MFHA”) in the form promulgated by the Authority from time to time. To the extent not contained in this QAP, the MFHA may set forth requirements, instructions, clarifications, and definitions applicable to an application for an allocation of Tax Credits or to the Authority’s administration of the Tax Credit programs. The form of the MFHA and all other documents necessary for a complete application for Tax Credits are available on ADFA’s website. The terms and conditions of the MFHA will be incorporated into the carryover allocation documentation. ADFA also will use the MFHA at final cost certification to ensure continued compliance with all requirements.

Any material change to the original application, and all subsequent material changes (both for so long as the related multifamily housing development is governed by any provision or aspect of any Tax Credit program administered by ADFA), shall be submitted to ADFA in writing at least thirty (30) days before the desired effective date of the change. All changes shall be reviewed and approved by ADFA’s Staff Housing Review Committee, ADFA’s Board Housing Review Committee, and/or ADFA’s Board of Directors, as appropriate. Any such material change made without prior approval from ADFA will be null and void and may result in remedial action by ADFA, including but not limited to penalties on future applications or suspension from the Tax Credit programs. Applicants or Owners must submit a \$500.00 fee per change item, including but not limited to any change in unit size, unit or building configuration, project or building location, management company, development team member(s), or ownership interest.

II. LIMITS ON ALLOCATION OF CREDITS

The Internal Revenue Code (“IRC”) provides that “the [LIHTC] dollar amount allocated to a [multifamily housing] project shall not exceed the amount the housing credit agency determines is necessary for the financial feasibility of the project and its viability as a qualified

low-income housing project throughout the credit period.” Accordingly, notwithstanding any provision of this QAP that may indicate or imply otherwise, LIHTCs will in each instance be limited to the amount the Authority determines necessary.

III. LIHTC ALLOCATION STANDARDS

A. Increase in Eligible Basis

To the extent the Authority determines that any building requires an increase in LIHTCs in order for such building to be financially feasible as part of a qualified low-income housing project, the eligible basis of such building will be increased by up to thirty percent (30%). The foregoing sentence does not apply to a building with respect to which LIHTCs are available in connection with a tax-exempt bond financing.

B. Nonprofit Set-Aside

As required by §42(h)(5) of the Internal Revenue Code, a minimum of 10% of the total LIHTC available for allocation must be set aside annually for projects involving qualified nonprofit organizations.

C. Amount

The maximum amount of 9% LIHTCs that may be reserved for allocation to one individual development shall be no more than \$1,300,000 of the annual LIHTCs available in the calendar year.

IV. ALLOCATION OF THE STATE LIHTC

Ark. Code Ann. § 26-51-1702 provides that a taxpayer owning an interest in a low-income development qualifying for LIHTCs may be eligible for State LIHTCs equal to twenty percent (20%) of the allocated annual federal amount. The statute limits the total allocation of State LIHTCs to all recipients to \$250,000 in any taxable year. ADFA will allocate the State LIHTC to the highest scoring 9% LIHTC applications. In the case of a tie, applications in the areas described below will receive the allocation, in this priority:

- A. Developments located in counties that are assigned to tier 4 or tier 3 (and tier 4 in case of a tie), of the four job-creation incentives tiers of the Arkansas Economic Development Commission(Arkansas Incentive Tier Map).
- B. Developments located within Qualified Census Tracts.
- C. Developments in counties which have not received an award of (federal) LIHTCs in the last three (3) years.
- D. Developments anywhere in the State.

The Authority will annually notify the Arkansas Department of Finance and Administration of those developments that have been allocated State LIHTCs and of any revocation of State LIHTCs.

V. COMPLIANCE

Applicants shall comply with all applicable federal, state, and local laws, including ADFA's Compliance Monitoring Policies and Procedures Manual for the Low-Income Housing Tax Credit Program or any successor provisions.

The owner of a development receiving Tax Credits will be required to prepare and submit to the Authority, no later than February 1 of each year following the first taxable year of the owner's credit period, an Owner's Certificate of Continuing Program Compliance and the LIHTC Compliance Monitoring Status Report.

Frequent or consistent non-compliance of applicant, owner, or any member of the development team in regard to the operation of any development may result in points reduction in the scoring of applications and/or suspension of the applicant or development team member from applying for Tax Credits for a set term of time and/or compliance with conditions.

Applications indicating the average income minimum set-aside may not propose

- any unrestricted, market-rate units (employee units are allowed), or
- a disproportionate distribution of designations among bedroom types (e.g., the average area median income among three-bedroom units cannot exceed 60%).

ADFA may waive the foregoing, if necessary, for a rehabilitation application to better fit the household incomes of in-place tenants. For projects with more than one building, owners must select that each building is part of a multiple building set-aside on the Form 8609.

VI. CLOSING

The ADFA Board of Directors has delegated to the President of ADFA the authority to implement closing requirements that are financially prudent for each development awarded ADFA resources. Recipients will be notified of closing requirements as promptly as possible after notice of award(s). The standard list of information and documents required prior to closing is available on the ADFA website. The President has the authority and discretion to add, modify, or waive requirements.

VII. CLARIFICATIONS

An allocation of Tax Credits in no way represents or warrants to any sponsor, investor, lender, or anyone else that the project is, in fact, feasible or in compliance with the IRC, Treasury regulations, or any other state or federal laws or regulations governing Tax Credits. The applicant

and owner of the development are responsible for understanding and following all applicable tax law requirements for the development.

No director, officer, agent, or employee of ADFA shall be personally liable concerning any matters arising out of, or in relation to, the award or allocation of Tax Credits, the rejection of any MFHA for Tax Credits, the award or lack of award of any other ADFA-administered resource whether federal or state in origin, the closing of any awarded funds or lack of closing, or the failure of a development to comply with federal, state, or local laws, regulations, or other governing instruments, or the recapture of any credits or funds from any development, or the failure of any development to remain financially feasible, or the failure of any development to meet federal, state, or local deadlines.

ADFA may amend, make technical changes, and/or adopt rules ancillary to this QAP as necessary to prudently administer ADFA-administered funds or to comply with state or federal law. ADFA may require all things necessary or convenient to carry out its purposes, pursuant to Ark. Code Ann. § 15-5-207(b)(20)(A) and Ark. Code Ann. § 15-5-207(b)(26).

Applicants or their representatives may not contact ADFA staff or Board members in any manner regarding any application after submission of the application and during the ADFA review period, unless ADFA staff or Board member has initiated contact. Any questions or concerns from Board members relating to a submitted application shall be transmitted to ADFA staff which will communicate them to the applicant as deemed necessary by Staff and distribute applicant's response to all Board members. The ADFA review period concludes when the ADFA Board of Directors approves successful applicants. Violations of this policy could result in a downgrade to the final scoring, rejection of the application from consideration for an award of Tax Credits, or suspension or disqualification from ADFA programs.

ADFA may suspend for good cause any entity based on its incapacity to effectively administer, manage, and/or utilize resources. Any appeal of such suspension shall be presented in writing to ADFA for possible consideration. The appeal shall provide written justification. The ADFA Board Housing Review Committee will decide whether to allow any appeal of suspension and will set the time, date, terms, and requirements associated with any appeal process.

Adopted by the Board of Directors of the Arkansas Development Finance Authority on this the _____ day of _____, 2026.

 - iii. Provides the applicant's certification that each building was not previously placed in service by the applicant or by any person related to the applicant in accordance with IRC Section 42(d)(2)(B)(iii).

5. Zoning and Planning Commission Information. 6. Independent Market Study. Applications must include a comprehensive market study conducted by a disinterested party on ADFA's "Market Analyst Firms – Approved List" dated within six (6) months prior to the Application Deadline/Submission. The analyst will acknowledge in the study that it is being done for ADFA's use and benefit. ADFA will reject an application if the market study shows:

- a. inadequate demand for any unit size proposed, based upon the targeted income group for that unit size,
- b. a capture rate of more than 20% for any unit,
- c. the proposed development will detrimentally affect other affordable housing in the area,
- d. the proposed location is or nearly is saturated, or
- e. any other negative impact.

7. Tenant Income Audit. All Applications with rehabilitation projects must include a complete, detailed Tenant Income Audit that identifies all existing tenant households and their incomes. The audit must separately identify those tenant households whose income exceeds applicable income limits.

8. Articles of Incorporation, IRS documentation, and Nonprofit Determination Statement. To be considered for the 10% nonprofit set-aside the development must:

- a. involve a qualified nonprofit organization that owns an interest in the development, materially participates [within the meaning of IRC §469(h)], is not affiliated with or controlled by a for-profit organization, and has as one of its exempt purposes the fostering of low-income housing;
- b. comply with Internal Revenue Service Revenue Procedure 96-32 in that at least seventy-five percent (75%) of the total number of residential units are designated for low-income residents.

9. Capital Needs Assessment-Pre Approval Process. ADFA requires a Capital Needs Assessment(CNA) to be provided for all rehabilitation projects, a minimum of 60 calendar days prior to the application deadline or application submission.

ADFA staff will review the submitted CNA with the purpose of determining whether the proposed scope of work meets requirements for federal tax credit housing as well as ADFA's ongoing commitment to providing safe, affordable housing. ADFA's review of the CNA will include an inspection of the property to be rehabilitated. If ADFA's review concludes that the proposed CNA meets the requirements of ADFA, the scope will be approved in writing and returned. If the CNA does not meet these standards, the CNA may be returned with a list of deficiencies as identified by ADFA staff. No application for rehabilitation will be accepted unless and until the CNA has been approved in writing by ADFA.

All rehabilitation developments must include a capital needs assessment conducted by a firm on ADFA's "Capital Needs Assessment Firms – Approved List" dated within six (6) months prior to the Application Deadline/Submission. **“As needed” CNA's will not be accepted. ADFA requires each unit to be inspected and estimate the repairs needed for each specific unit.** The assessment must involve an interview with the maintenance personnel and an analysis of the following:

- a. Site, including topography, drainage, pavement, curbing, sidewalks, parking, landscaping, amenities, water, sewer, storm drainage, gas and electric utility lines;
- b. Structural systems, both substructure and superstructure, including exterior walls, balconies and stairways, exterior doors and windows, roofing system and drainage, including but not limited to termite, mold, and water damage;

The report must include a physical inspection of the interior and exterior of each unit and each building and must specifically identify the scope of work and estimated costs necessary to:

- Rehabilitate all components examined and analyzed in the development to a new or "like-new" condition;
- Correct all deficiencies in order for the development to comply with applicable federal, state, and local laws and requirements regarding accessibility for persons with disabilities; and
- Correct all deficiencies to ensure compliance with ADFA's Design Standards Manual for New Construction and Rehabilitation (other than as may be

waived).

All rehabilitation applicants must submit a statement that the scope of rehabilitation will include all capital needs set forth in the Capital Needs Assessment.

10. Financial Feasibility. ADFA will underwrite all Applications through the competitive allocation cycle using the same criteria regardless of project type or location based on the following criteria:

- a. the extent to which the development's sources of funds equals the development's uses of funds;
- b. the extent to which any proposed developer fee deferral can be paid within 15 years;
- c. the reasonableness of total development costs;
- d. repayment terms (including interest rates, total debt and loan terms) for all proposed debt; and
- e. the reasonableness of the expenses, incomes, and increases in both show in the submitted pro-forma.

ADFA may incorporate terms and conditions required by the equity investor(s) and lender(s) into its underwriting of an Application.

11. Operating Deficit Reserve and Replacement Reserve Funds. The total development budget must include:

- a. Operating Deficit Reserve Fund equal to the greater of:
 - i. Six (6) months of: projected annual operating expenses, annual debt service payments, and annual replacement reserve deposits;OR
 - ii. The amount of operating reserves required by the applicant's equity investor(s) or lender(s).
- b. The funding and maintenance of a Replacement Reserve Fund equal to the greater of:
 - i. \$300 per unit per year;OR
 - ii. The amount of replacement reserves required by the applicant's equity investor(s) or lender(s).

These amounts must be evidenced in the final cost certification.

The Replacement Reserve shall be maintained, and yearly deposits shall be made equal to the above requirement, for the entirety of the affordability period. The applicant shall identify the name of the financial institution where each reserve will be held. A copy of the

December bank statement for the Operating Reserve account and the Replacement Reserve account must be submitted by the Owner to ADFA's Compliance Department by February 1 of each year. If the December bank statements do not evidence a year-end summary of each month's balance, copies of bank statements for all twelve (12) months for the Operating Reserve and the Replacement Reserve must be submitted to ADFA's Compliance Department by February 1 of each year. The ending balance of each reserve account must total the amounts required under (a) and (b) above, whether the accounts are replenished from operating income or by the general partner of owner or member, shareholder or partner of general partner, as ADFA deems appropriate.

ADFA must approve all withdrawals from the operating deficit reserves, in writing, prior to withdrawal. Owner must submit with the withdrawal request supporting documentation evidencing the need for the funds, written evidence that insufficient funds exist in the primary operating account, and a written guaranty by the general partner of owner or member, shareholder or partner of general partner, as ADFA deems appropriate, will deposit sufficient funds so that at the end of the year the total in the Operating Deficit Reserve account equal the amount required under (a) as modified herein for Rural Development developments. ADFA will require notification from owner on any Replacement Reserve withdrawal and notice of approval from development's lender or investor as applicable.

Rural Development-funded developments:

In the event that Rural Development ("RD") requires initial operating capital in an amount less than ADFA's Operating Deficit Reserve, ADFA will credit the amount of reserves required by Rural Development to the total amount of reserves required under (a) and (b) above, but in no event shall the **total** amount of reserves be less than that required under (a) above. (For example, if under (a) \$50,000 is required and under (b), \$10,000, and Rural Development requires \$20,000 of initial operating capital, the owner must fund a separate Operating Deficit Reserve account, withdrawals from which must be approved by ADFA, in the amount of \$30,000. Using the same amounts except that RD requires a \$70,000 initial operating capital, the owner must fund a separate \$50,000 Operating Deficit Reserve.)

A copy of the December bank statement for the Operating Reserve account and the Replacement Reserve account must be submitted by the Owner to ADFA's Compliance Department by February 1 of each year. If the December bank statements do not evidence a year-end summary of each month's balance, copies of bank statements for all twelve (12) months, for the Operating Reserve and the Replacement Reserve, shall be submitted to ADFA by February 1 of each year. The ending balance of the Operating Deficit Reserve account plus the development's ending cash balance per RD Form 3560-7, plus the balance of RD's initial operating capital reserve must total the amounts required under (a) and (b); thus, general partner of owner or member, shareholder, or partner of general partner of owner may have to deposit funds into the separate Operating Deficit Reserve account to total this amount.

Owner shall not make any withdrawals from the Operating Deficit Reserve account without providing the following items to ADFA:

- supporting documentation evidencing the need for the funds,
- written evidence from RD that the use of reserve funds is not an eligible expense from RD initial operating capital reserve account or that insufficient funds exist in the account, and
- a written guaranty by the owner or general partner of owner, as ADFA deems appropriate, that sufficient funds will be deposited so that at the end of the year the total funds in the Operating Deficit Reserve account equal the amount required under (a) as modified herein for RD developments.

12. Developer Fee.

- a. The developer's fee, which includes the developer fee plus developer's overhead and profit plus consultant's fee, plus any interest payable on a deferred fee, cannot exceed ten percent (10%) of the "Net Development Costs," with respect to a development seeking an allocation of LIHTC from the annual ceiling, or twelve-and-one-half percent (12.5%) of Net Development Costs, with respect to a development seeking to receive LIHTC arising from a tax-exempt bond financing. "Net Development Costs" is the total uses of funds, less syndication-related costs, developer's fee and development reserves.

The amount of eligible basis attributed to the acquisition of existing property must be equal to or greater than the percentage that the total acquisition costs of existing property is to the total development costs.

The applicant must disclose in its Application or an attachment all persons and entities that will receive any portion of the developer fee, including all members, partners, and shareholders of such entities. The applicant must notify ADFA in writing of any proposed change in the person(s) or entity/entities.

- b. Developer Fee – Deferral. ADFA will underwrite any portion of the developer's fee that is deferred and included as a source of funds will be ensured payment by the earlier of the end of the 15-year compliance period or the time frame required by the Applicant's equity investor or lender(s). The amount shown as deferred in the application may not exceed fifty percent (50%) of the maximum fee allowed.

13. General Requirements, Contractor's Overhead, and Contractor's Profit. The amount allocated to General Requirements cannot exceed seven percent (7%) of its construction hard costs. General requirements include items that are required for the contractor to provide for the specific project including but are not limited to: field supervision; field engineering such as field office, sheds, toilets, and phone; performance and payment or latent defects bonds; building permits; site security; temporary utilities;

property insurance; and cleaning or rubbish removal. Such items should not be accounted as separate line items in the development budget.

ADFA will limit the

- Contractor's Profit to ten percent (10%), and
- Contractor's Overhead to four percent (4%)

of the development's construction hard costs plus general requirements. ADFA may determine whether costs included in the contractor's overhead and contractor's profit calculations are appropriate and reasonable.

The applicant must disclose in its Application or an attachment all persons and entities, whether or not affiliated with the applicant, that will receive any portion of the contractor's profit, including all members, partners and shareholders of such entities. The applicant must notify ADFA in writing of any proposed change in the person(s) or entity/entities that shall receive any portion of the contractor's profit.

14. Per-unit Credit and Cost Limits.

- a. ADFA will limit the amount of 9% LIHTCs allocated to each unit to the following:

Single-Family Detached	Limit Per-Unit	All other New Construction	Limit Per-Unit	Acquisition / Rehabilitation	Limit Per-Unit
0-1 Bedrooms	\$19,365	0-1 Bedrooms	\$19,365	0-1 Bedrooms	\$13,285
2-Bedrooms	\$20,790	2-Bedrooms	\$20,790	2-Bedrooms	\$15,015
3-Bedrooms	\$21,945	3-Bedrooms	\$21,945	3-Bedrooms	\$17,325
4-Bedrooms	\$23,100	4-Bedrooms	\$23,100	4-Bedrooms	\$18,480

ADFA will limit the per-unit total development cost of developments receiving 4% LIHTCs in connection with tax-exempt bond financing to \$300,000.

ADFA has the discretion to determine reasonableness of all costs and may deny an Application based upon the unreasonableness of costs regardless of whether such costs are within the limits stated herein. Upon request by ADFA, applicants will provide justification and supporting documentation of costs.

15. Minimum Debt Coverage Ratio. The application must demonstrate a minimum debt coverage ratio that is the greater of: 1.15 or the minimum debt coverage ratio required by any lender or investor providing a financial commitment during the compliance period.

RD developments shall use the income, expenses and reserves as approved in the most recently executed Form 3560-7. The applicable minimum debt coverage ratio must be evidenced by the MFHA and supporting documentation.

16. Rehabilitation Standard. Rehabilitation hard costs (labor and materials) on any rehabilitation development, including those with tax-exempt bonds, will be no less than \$50,000 per-unit and no less than thirty percent (30%) of the development's total costs. Studio units(OBR) can not be more than 10% of the total unit mix to apply for rehabilitation. Developments located in a federally designated floodplain or floodway will not be considered.

17. Rental Assistance Contract. All applicants proposing a development that has been approved for project-based rental assistance must submit with its Application a copy of the executed rental assistance contract and if applicable Form RD 3560-7 or HUD-92458; if a rental assistance contract has not been executed at time of Application submission, a commitment letter from the agency providing the rental assistance must be submitted. All such applicants must also submit documentation of the most recently approved amount of rent to be charged or a letter from HUD granting a waiver and supported by the market study and/or appraisal.

If the waiver or approval is not obtained by the carryover allocation Application Deadline, ADFA may terminate the LIHTC award.

18. Fair Housing Training. requirements or who have failed to meet programmatic deadlines as established in the QAP or other state or federal guidance.

- e. A development team member also has an economic interest in a development if the ownership entity or any portion thereof should be stated on the financial statements of the development team member or related entity according to Generally Accepted Accounting Standards.

Economic interest shall not include a contractual relationship whereby a development team member provides services that are within its ordinary course of business and receives reasonable payment for such services. For example, an architect contracting with a development owner to prepare plans for the rehabilitation of a development in exchange for a contractual sum shall not constitute an economic interest. Or, for example, an

independent contractor providing a payment or performance bond or guarantee and warranty pertaining to their construction work and budget as outlined in an AIA A series contract shall not constitute an economic interest.

For the purposes stated herein, "development team member" shall include but not be limited to all persons and entities stated in the Application as members of the development team.

The applicant must disclose all identities of interest that exist among all persons or entities acting as a development team member, whether or not expressly named as a development team member.

Total Points Possible:

B. RANKING AND AWARD DETERMINATION.

ADFA will rank each Application according to the score awarded. In the event there is a tie in scoring for two or more Applications, the following are tie-breaker criteria ADFA would likely use, but not exclusively of others:

4. equitable geographic distribution of awarded LIHTCs.

ADFA may disapprove any Application for an allocation of LIHTCs, regardless of the ranking under the priorities and point ranking outlined above.

III. EQUAL OPPORTUNITY.

ADFA requires that occupancy of all housing financed or otherwise assisted by ADFA be open to all persons regardless of race, color, religion, sex, handicap, familial status, or national origin. Contractors and subcontractors engaged in the construction or rehabilitation of such housing must provide equal opportunity for employment without discrimination as to race, color, religion, sex, handicap, familial status, or national origin.
